## GAIA LAMP

Suspended or wall led lamp in satin brass.

With the "Gaia" lamp, light becomes an architectural element. A sculpture of lines and circles, extremely geometric and with a strong visual impact. The different configuration of the discs that cover the LED bulbs create innumerable lighting variations and unique light effects.

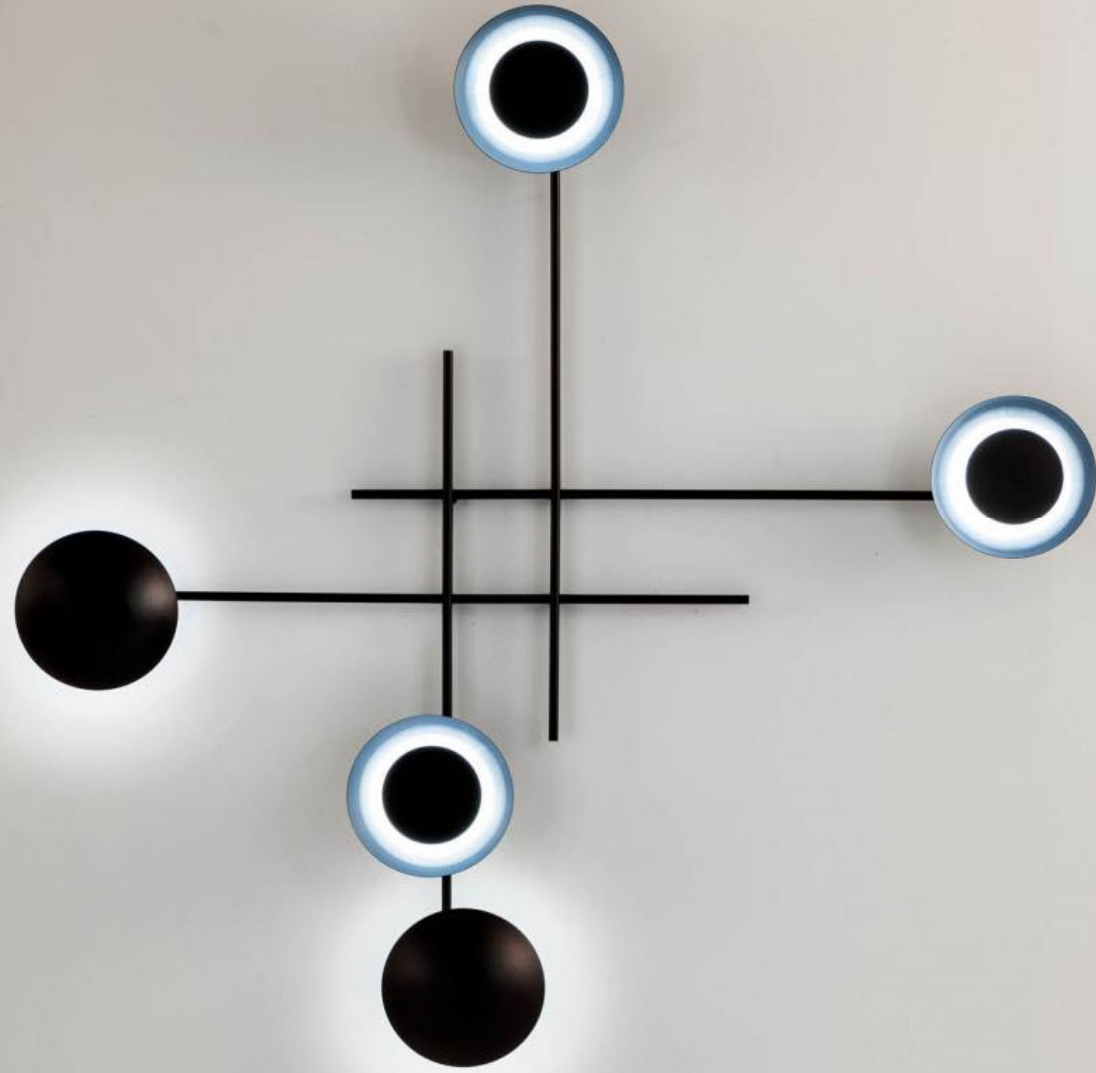

The Gaia lamp has been designed to be juxtaposed and combined to create suggestive lighting and to decorate the walls and ceilings of every modern and elegant room.

The possibility of combining the Gaia models allows the lighting structures to be adapted to the size of the wall or even of the ceiling, creating elegant and sophisticated light beams.

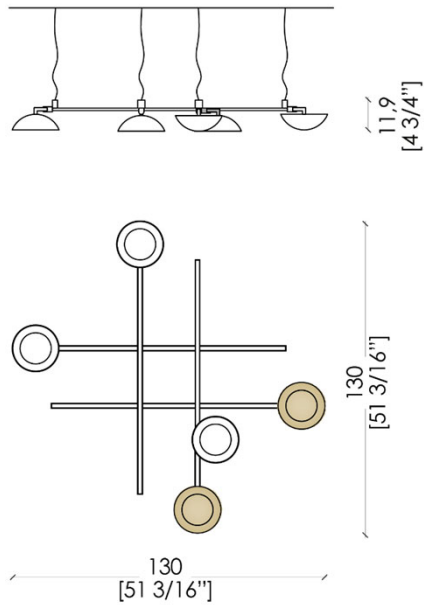

The luminous disks can be oriented in different positions to create a direct or indirect light, creating elegant reflections on the walls and spreading a soft light. With its particular mechanism, the disc can assume different positions.

## SPECIFICATIONS

Hanging version fixed with 8 steel cables.  
Ceiling and wall version fixed directly on the wall.

### Gaia Small

#### LIGHTING INCLUDED

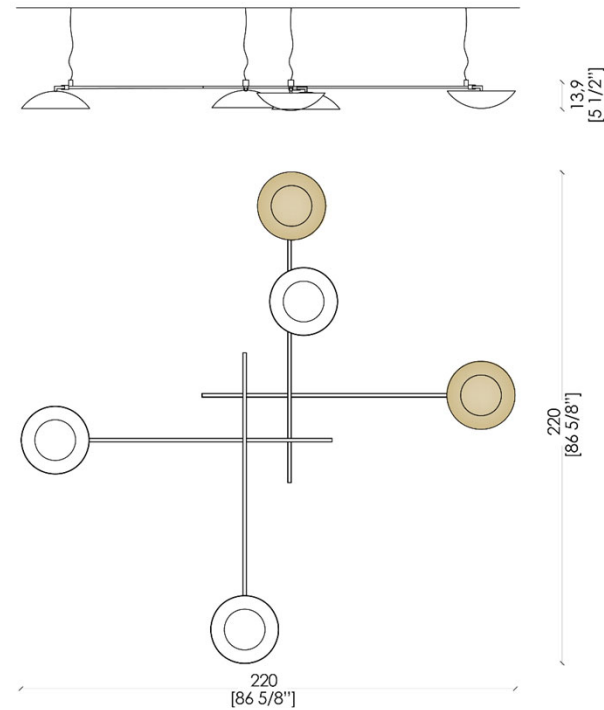

Type: LED strip  
Model: LED board  
Wattage: 60W      Lumen: 6,000  
Color: Natural White      Temperature: 4000K      Cri: >80

#### TRANSFORMER INCLUDED

Model: Built in transformer  
Volt IN: 220-240V\*      Hz: 50-60 Hz  
Non dimmable

\*Version with transformer voltage 100-120V available on request.

### Gaia Big

#### LIGHTING INCLUDED

Type: LED strip  
Model: LED board  
Wattage: 100W      Lumen: 11,000  
Color: Natural White      Temperature: 4000K      Cri: >80

#### TRANSFORMER INCLUDED

Model: Built in transformer  
Volt IN: 220-240V\*      Hz: 50-60 Hz  
Non dimmable

\*Version with transformer voltage 100-120V available on request.

Satin brass

Burnished brass
