## INSTARSIA COLLECTION

Thanks to the collaboration with well-known artists and designers, we created a collection of furniture deserving the status of art products.

The ancient inlay technique, the extreme ability of our craftsmen and the creative inspiration of our artists fuse together: the result is a collection characterized by a timeless beauty and inspired by the desire to create ambitious products.

Intarsia Collection revives the local tradition of this ancient inlaying technique: a collection of sideboards designed to be reproduced only in numbered specimens, signed, and certified by the author and by the craftsman.

These sideboards are design furniture turned into paintings. "Intarsia" represents a direct contact with raw materials which take shape through manual ability and scrupulous dedication, reinvented by imagination and direct experience with wood.

# FREEDOM

project by Romeo Gigli

INSTARSIA 2

To combine the purity of the shape with the full creativity of decor: an exercise of style “in the manner of Gigli” who reinterpreted the traditional console, turning it into a magic box. The rigorous two-door parallelepiped, supported by almost invisible feet, has been embellished through inlay work, thus becoming a real poster of wood-art: graffito-cries like “freedom”, “love”, “peace” wrap up the furniture in a spiral of cheerful restlessness in red and black. Presented is a version with red background, black words and red interiors. That is to say a brush-stroke by Andy Warhol on the essential furnishing of a Confucian essay.

## DIMENSIONS

## ABOUT THE DESIGNER

**Romeo Gigli** is an Italian fashion designer, born in 1949 in Castel Bolognese, who also explored the design world. He studied architecture but soon became interested in fashion and started to work in an atelier in New York.

His collections are famous all over the world and some have been exhibited in Fashion Museums in London, New York and Antwerp. In 1993, he designed a limited edition of carpets and in 1997, for the first time, he worked on interior design, realizing glass objects and lamps.
