B-Frame Door Collection

The B-Frame line offers a wide choice of door finishes. A hinged door with frame, flush to wall and with the possibility of being single or double.

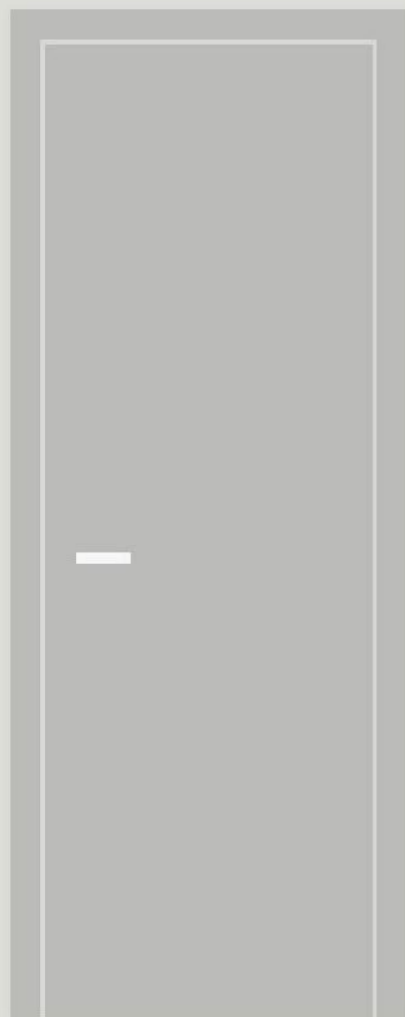

The thin-thickness B-Frame jamb is available for both pull and push opening and is designed for installation on the traditional wooden false frame.

Adaptable to any wall thickness, thanks to the use of telescopic trims, it is the best compromise for those who prefer to combine the classic jamb with modern finishes, without necessarily having to modify the walls.
