B-Line Door Collection

The three keywords for the B-line collection are: Decor, Design and Flush to wall.

B-Line is a collection of swing flush to wall doors which decorates the interior space and makes the door a recognizable and unique element.

Each B-line model is available with the push or pull opening, both toward right or left, in order to maintain the flush to wall concepts and aesthetics.

B-Line doors are supplied with an aluminum frame with or without upper beam, in order to be painted, or lacquered, available for installation on brickwall or plasterboard.

This door can be incorporated into the Boiserie panel system in a wide variety of finish selections.

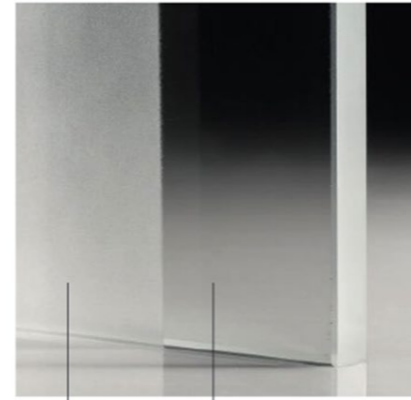

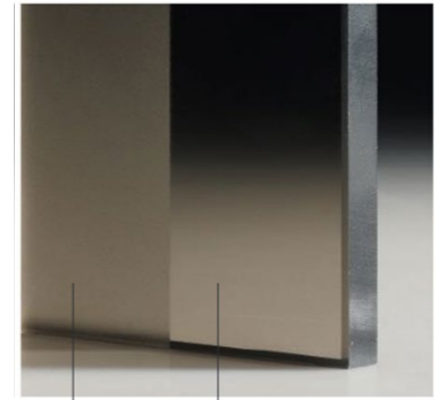

Anta Twist Door originates from the match between two elements joined to create a lonely furnishing element. The matte lacquered door presents a vertical insert that can be chosen according to customers wishes, among lacquered glass, mirror, alutes, stone, impact and ecoleather.

Anta Twist can be made tone on tone, with the insert the same color as the lacquered, or with a well defined contrast between elements. It makes the door a more effective element inside the home.
