BD20 Chair

LAURAMERONI
design . collection

Chair with wooden structure in natural ash or painted in rosewood, Cherrywood, wengé, walnut, teak and oak color. Seat and back covered with fabric or leather and padded in polyurethane foam. Legs can be in natural ash, colored, or entirely covered with fabric or leather.

Designed by Bartoli Design, this chair is an exclusive element of design; a comfortable and extremely elegant seat, available in different finishes, in order to satisfy any customer's need and to adapt itself to different environments.

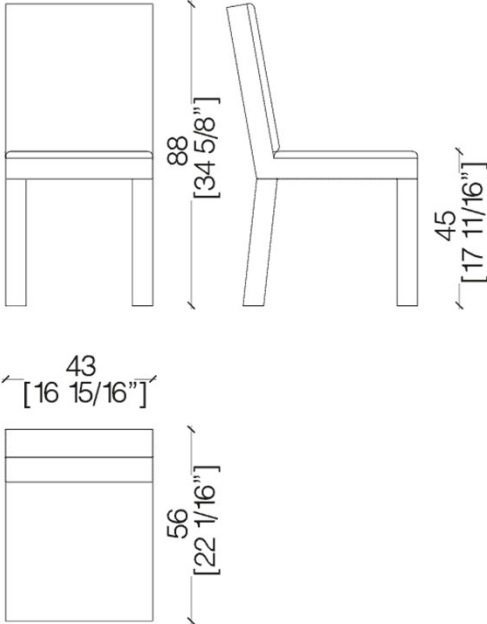

BD 20 Chair, in the version completely covered with leather or fabric, is extremely elegant. The result is a product with a sober yet attractive design, in which essential lines prevail.

The choice to cover both the structure and the seat and backrest creates the effect of a unique product in which all the components perfectly fuse together and whose elegance lies in the use of simple geometrical forms.

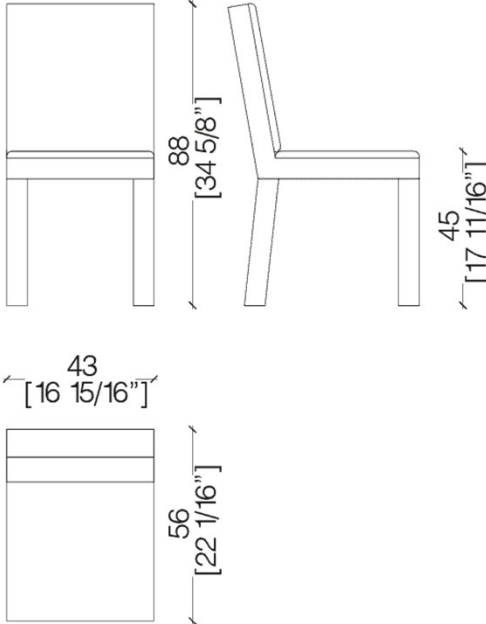

The perfect geometries are the result of an attentive research by Bartoli Design Studio, which has designed the chair, and perfectly combines with the exceptional ability of the craftsmen who realise the product with the greater attention to tiniest details.
