BD96 - CHEST OF DRAWERS

LAURAMERONI
design . collection

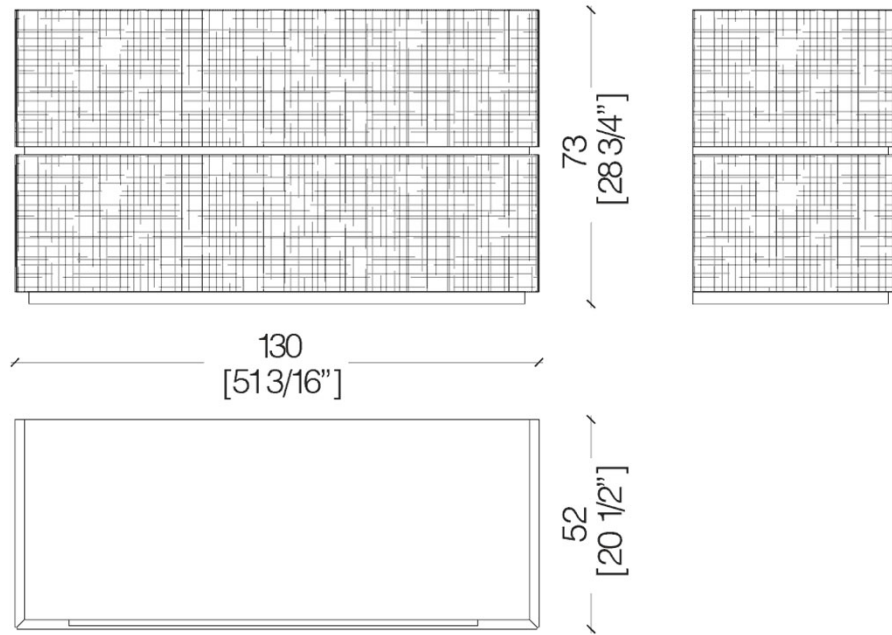

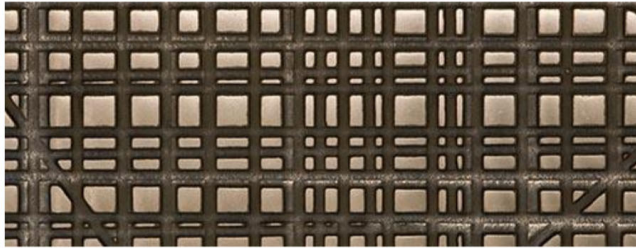

Liquid metal coated chest of drawers with Maxima carving on frontal panels and sides, equipped with two external drawers and two internal drawers. Available in liquid metal tin or light bronze finish and in special dimensions.

BD 96 is a chest of drawer that can be used either in your residence both in living and night areas or in public places. Following closely the company philosophy, BD 96 marries the elegance, the fusion of styles and the contemporary idea of essential luxury, where the creativity of the architects and the designers is the protagonist.

A philosophy which brings the idea of a unique piece in a new concept of furniture for a new life style.
