LINE CABINET SYSTEM  
\_\_\_\_\_  
**LAURAMERONI**  
design . collection

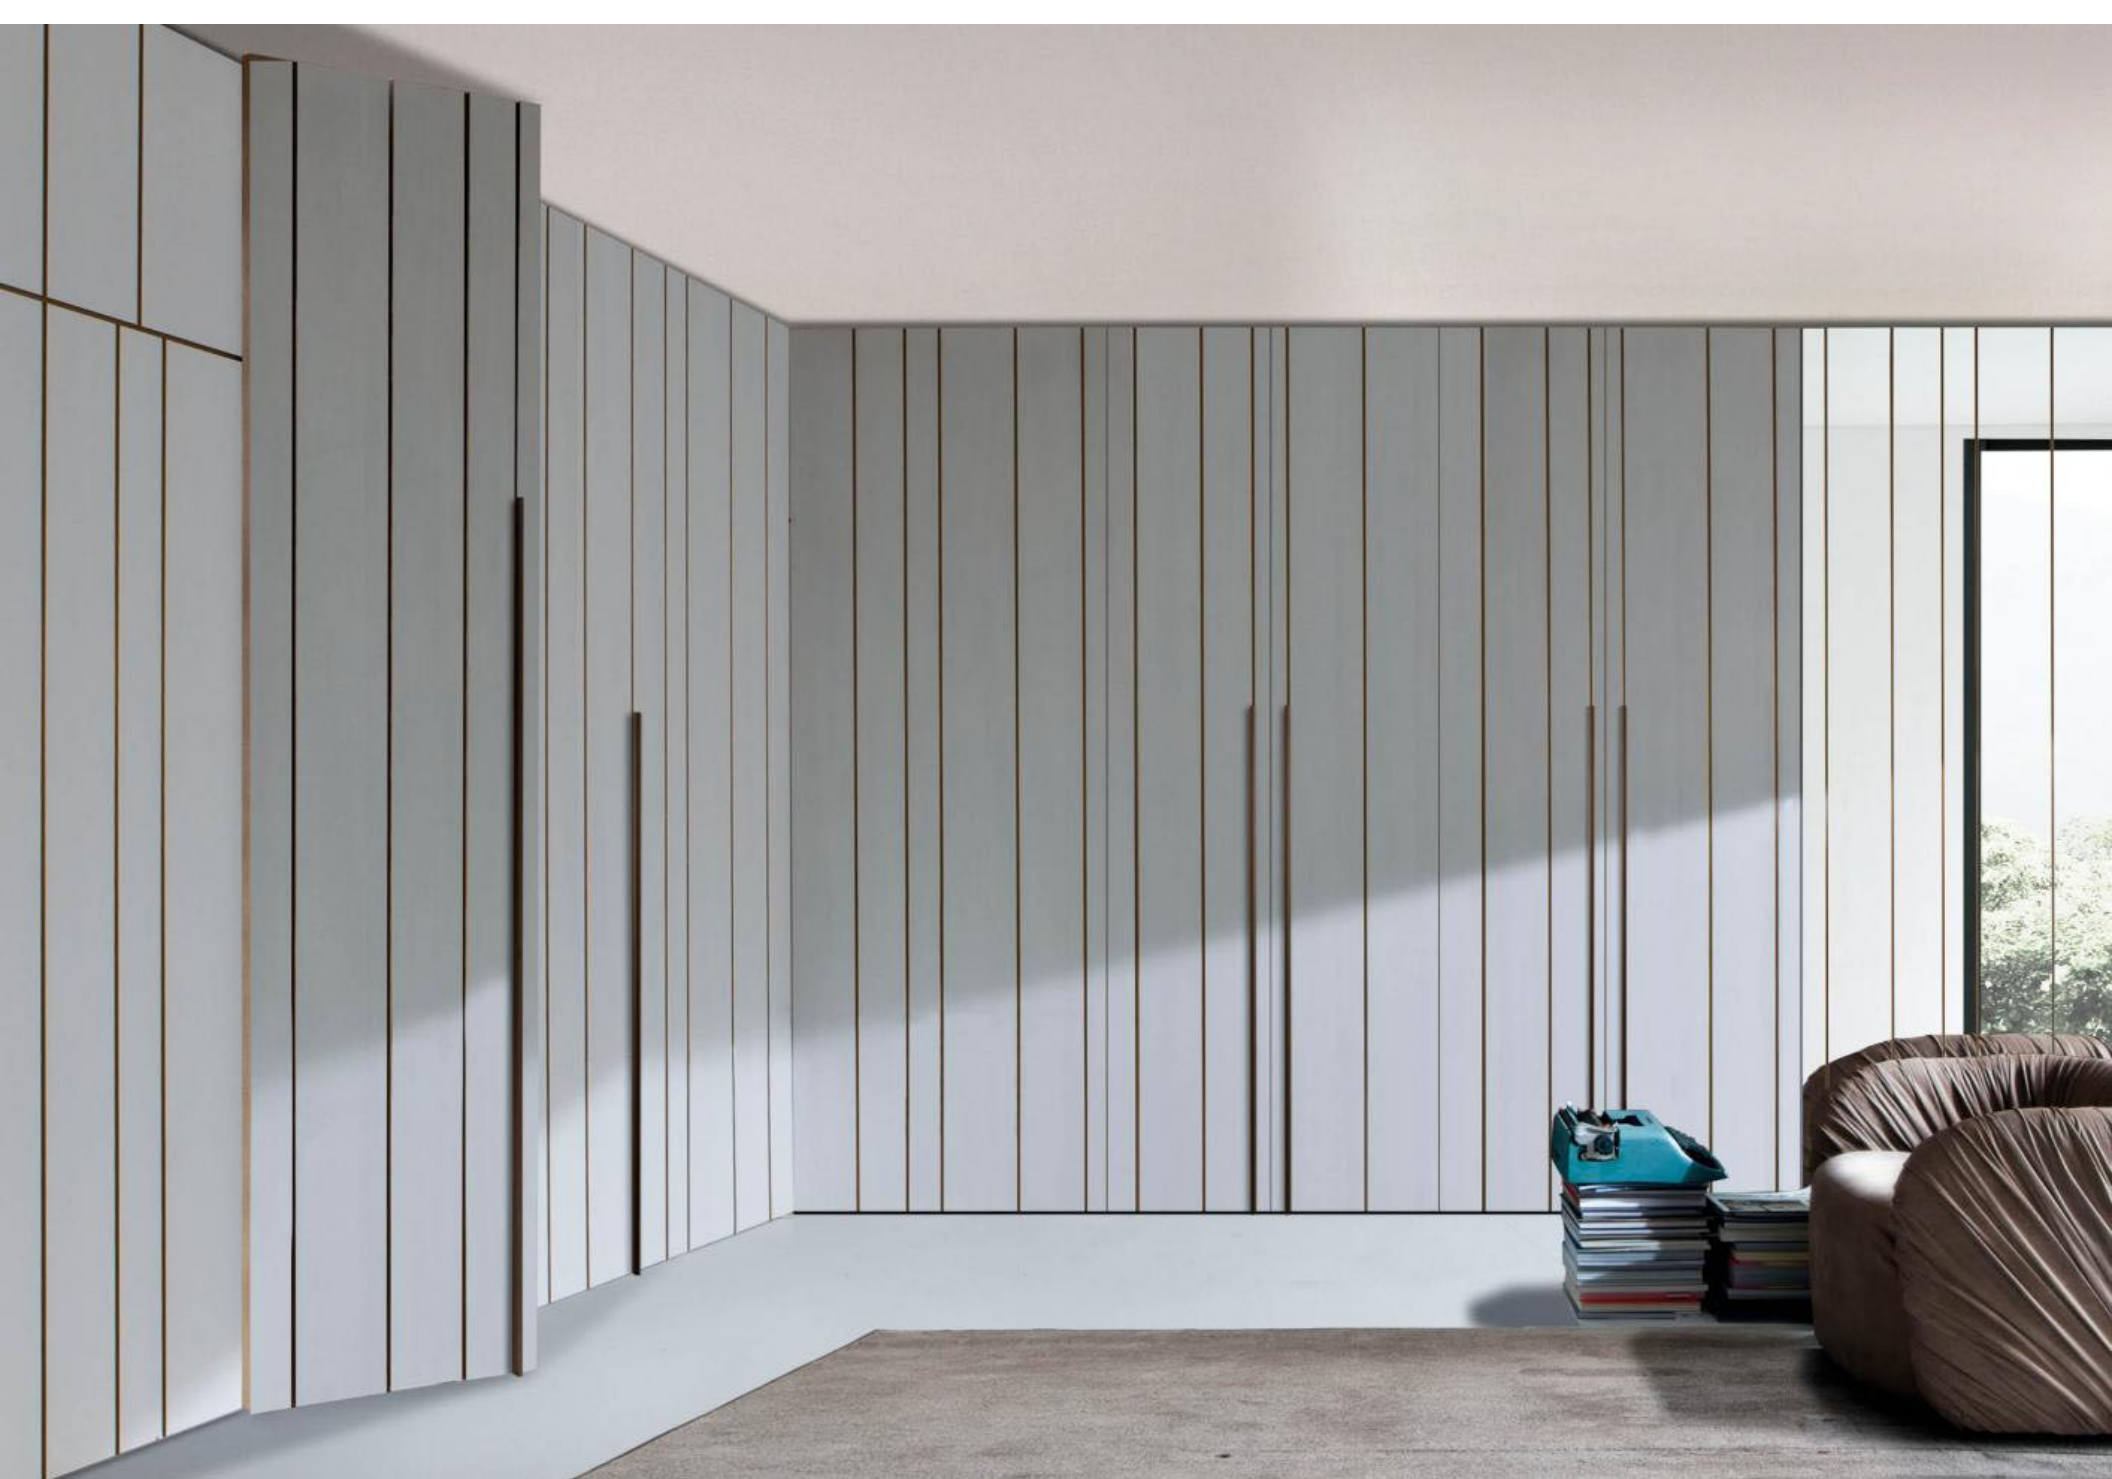

System of custom made wardrobes with wooden hinged doors, RAL matte lacquered or with special finishes. The doors are decorated with the characteristic pattern of the Line collection with the channels in brass or burnished brass finish. The wardrobe is customizable in size, equipment, door and interior finishes.

The Line collection is characterized by a design of vertical and horizontal brass lines, which decorate the wooden surface in a rhythmic sequence. The Line collection is extremely elegant and therefore perfect for all those environments where luxury is conceived in an essential and refined way.

The characterizing element of Line custom wardrobes is the possibility of being integrated with sliding and hinged doors and wall paneling system, thus obtaining a unique and different furnishing solution.

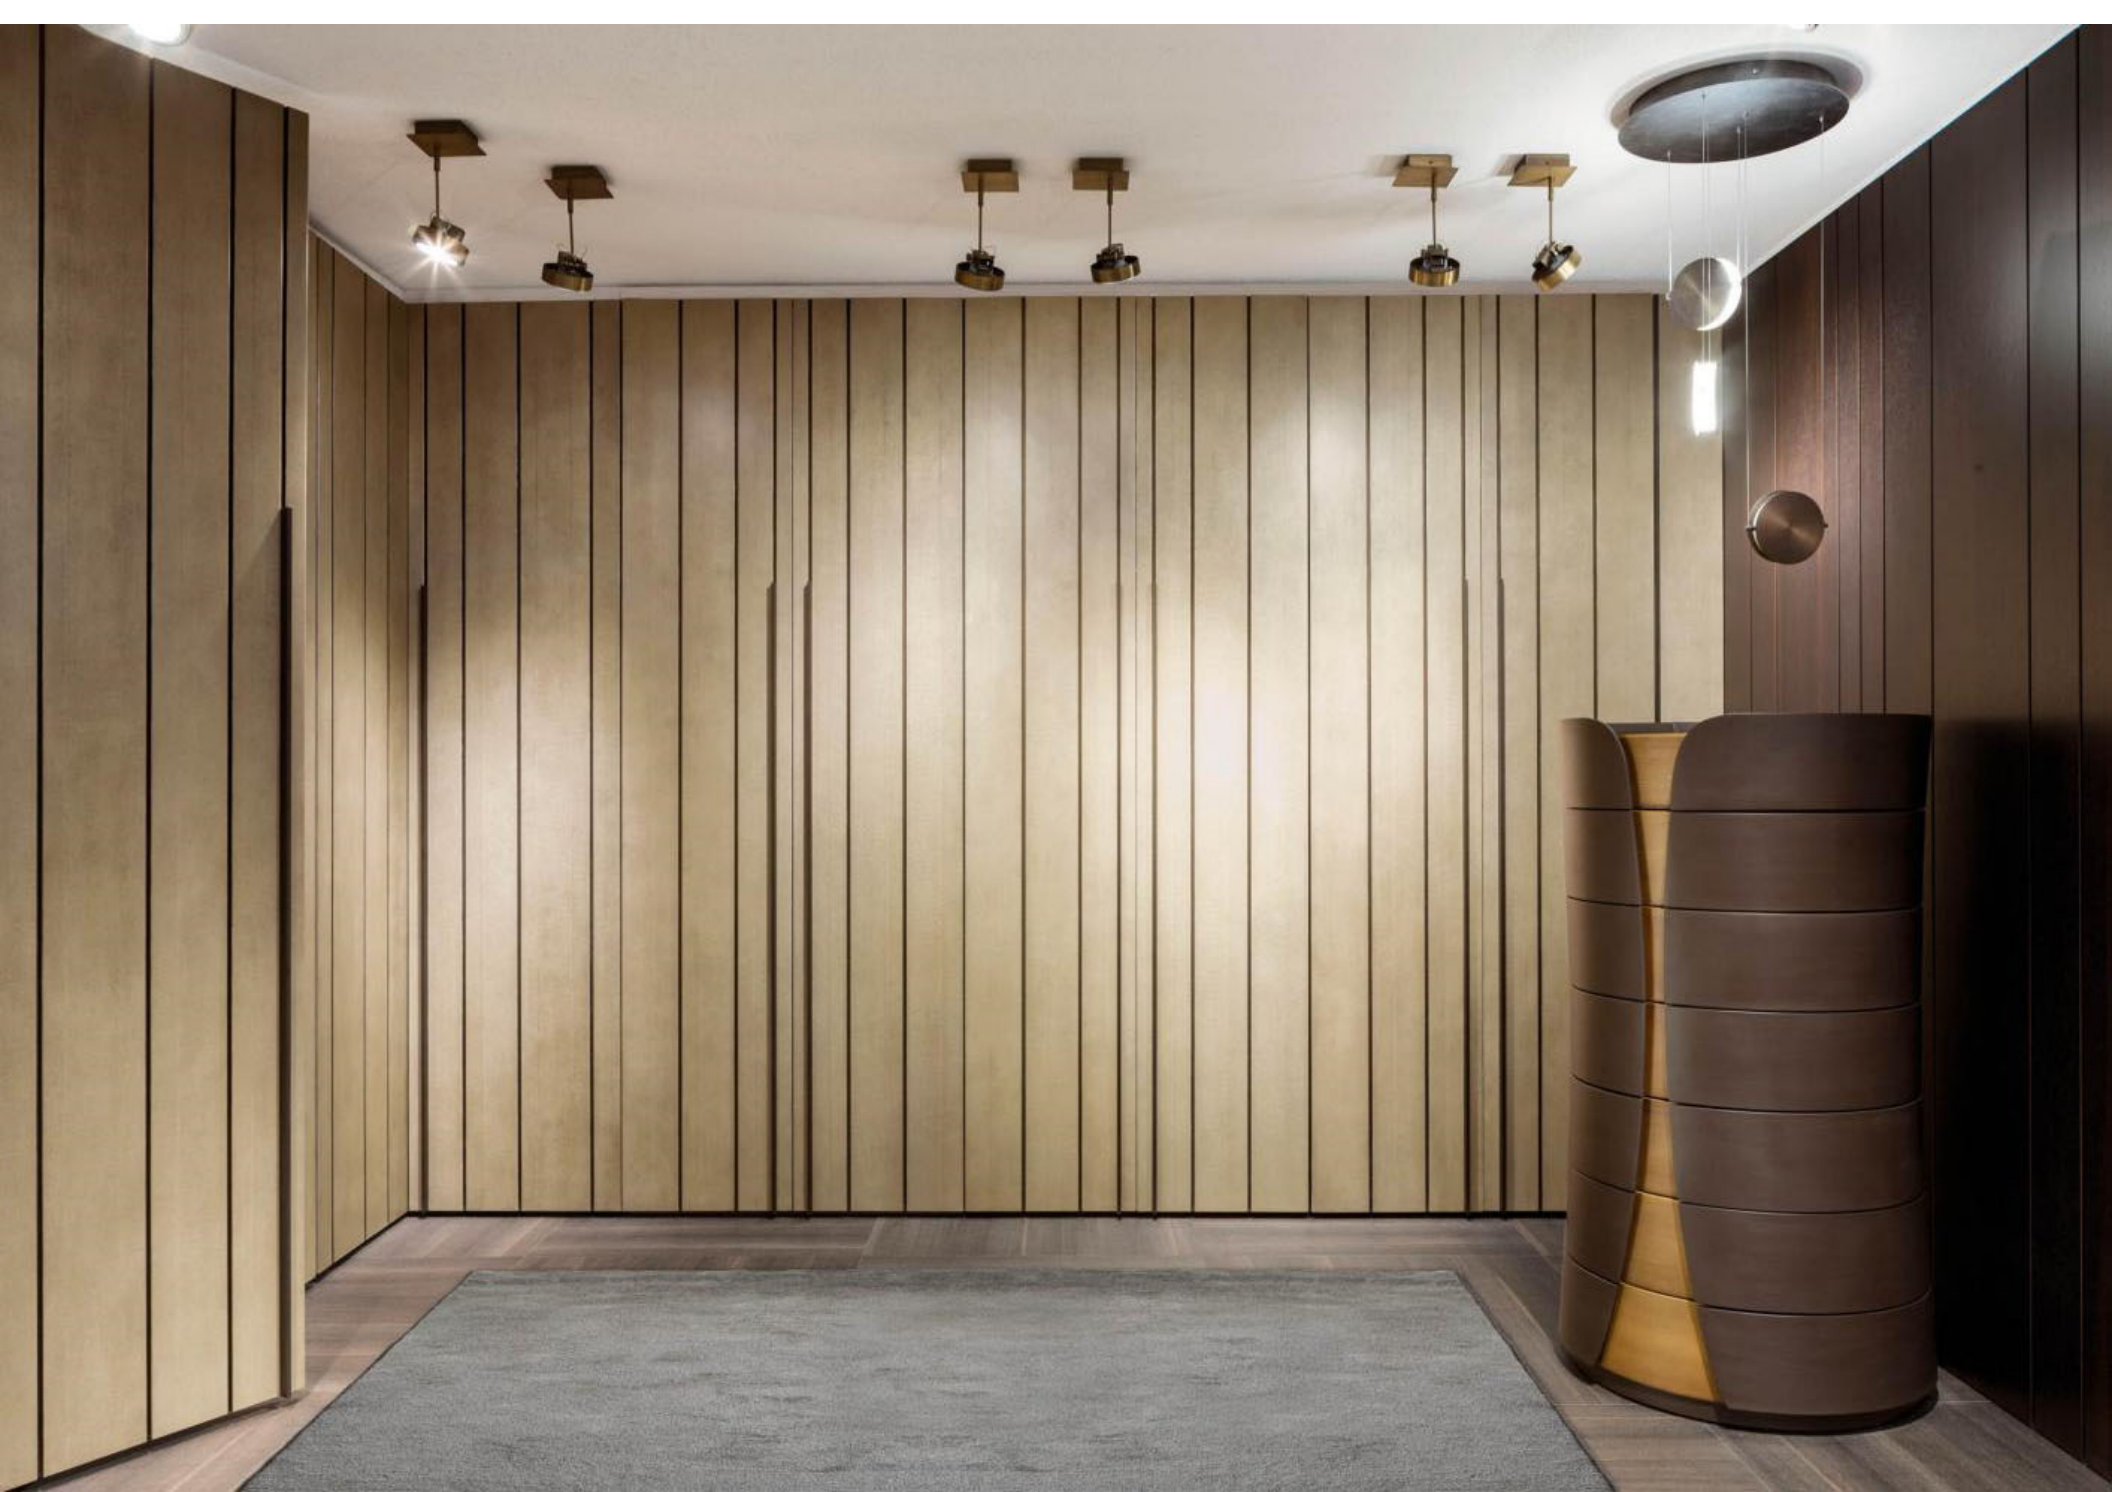

The wardrobes of the Line collection are internally made of wood, in Canaletto walnut, oak, rosewood, and in all the other wood essences available.

A wide range of accessories is available to customize the interior of the wardrobes: mobile hanger systems, LED lighting, ozone perfume and purification systems.

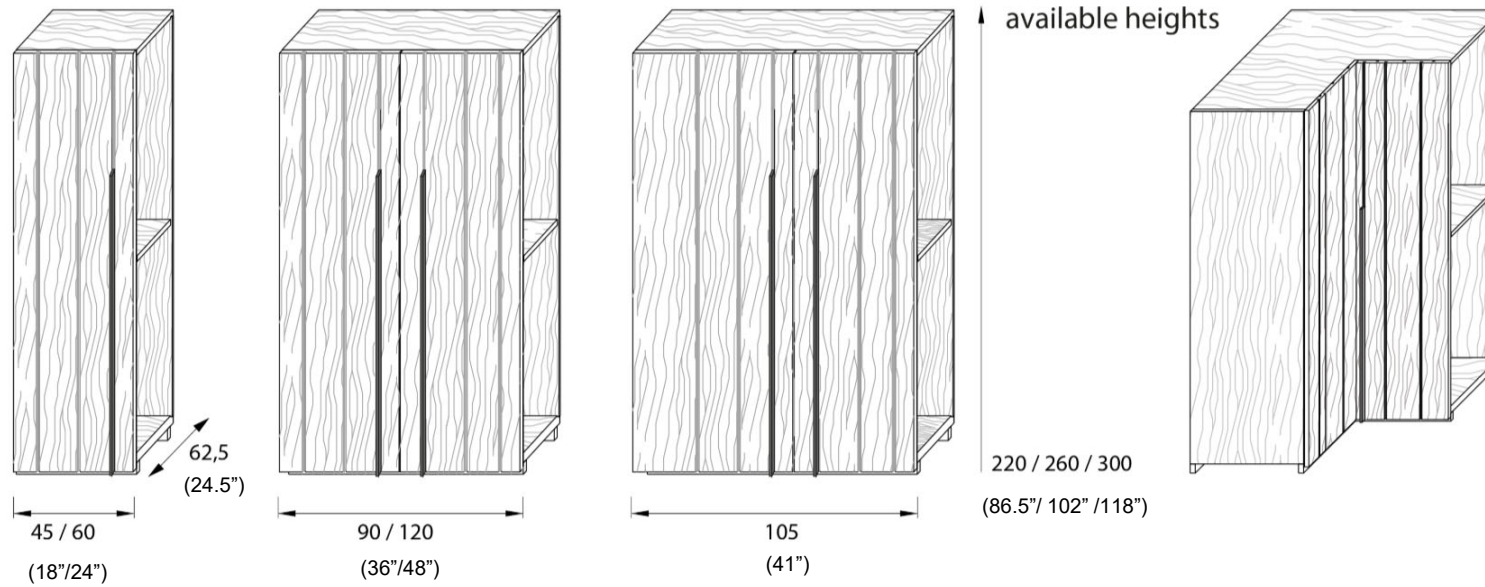

The interiors of the wardrobes, entirely made of wood, can be equipped with fixed shelves, with pull-out shelves, with drawers with wooden or glass front, with shoe racks and with trouser holders.

The Line wardrobe is completely customizable in the internal and external finishes by selecting from plain natural woods, matt lacquered surfaces, special finishes and liquid velvets.
