MAXIMA CABINET SYSTEM

LAURAMERONI
design . collection

System of custom made wardrobes with carved wood hinged doors with Maxima collection pattern. The wardrobe is customizable in size, equipment, doors and interior finishes.

The Maxima carving with which the wardrobe doors are decorated is designed to satisfy the most demanding customers, looking for an elegant and different wardrobe solution.

The Maxima wardrobe fits perfectly into the system of doors, wall panels and accessories characterized by this iconic pattern and a refined handle carved into the thickness of the door and made of the same wood with which the structure is finished.

The interiors of the wardrobes and drawers are entirely made of wood, in the same essence in which the doors are made. You can choose between various finishes of natural or aniline-dyed woods in all RAL colors.

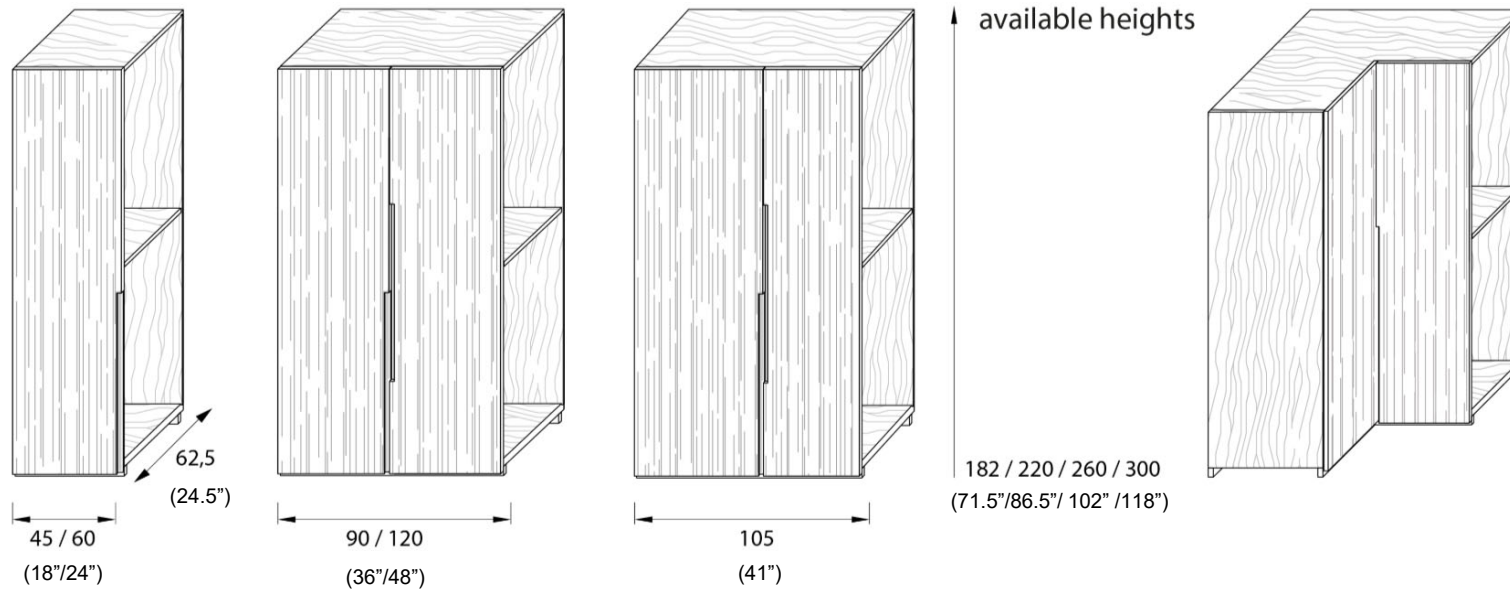

The flexibility of the Maxima made-to-measure wardrobe system allows the integration with all the products of the Maxima collection, such as doors, wall panels, mirrors and open storage units to create unique and refined wardrobes.

The interiors of the wardrobes, entirely made of wood, can be equipped with fixed shelves, with pull-out shelves, with drawers with wooden or glass front, with shoe racks and with trouser holders.

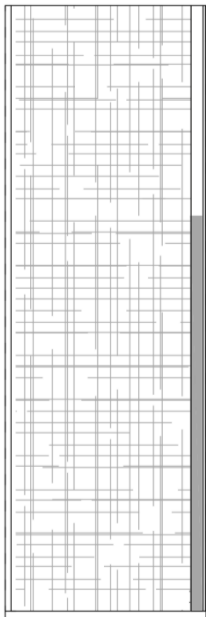

The Maxima collection, in addition to the custom-made hinged wardrobes, also includes a wide range of accessories including drawers and sideboards with which to furnish the night area.
