MAXIMA COLLECTION WALL PANELS

LAURAMERONI
design . collection

MAXIMA WALL PANEL

Made to measure wood veneered board with Maxima carving on the sight side, available in all woods and finishes of the collection and with integrated hinged or sliding doors.

Maxima Wall Panels are made to satisfy the most demanding clients, looking for an elegant solution for wall covering, in which the wood and the special carving are the key features. Thanks to its elegance and essentiality, Maxima wall paneling system adapts to different environments, both private and public.

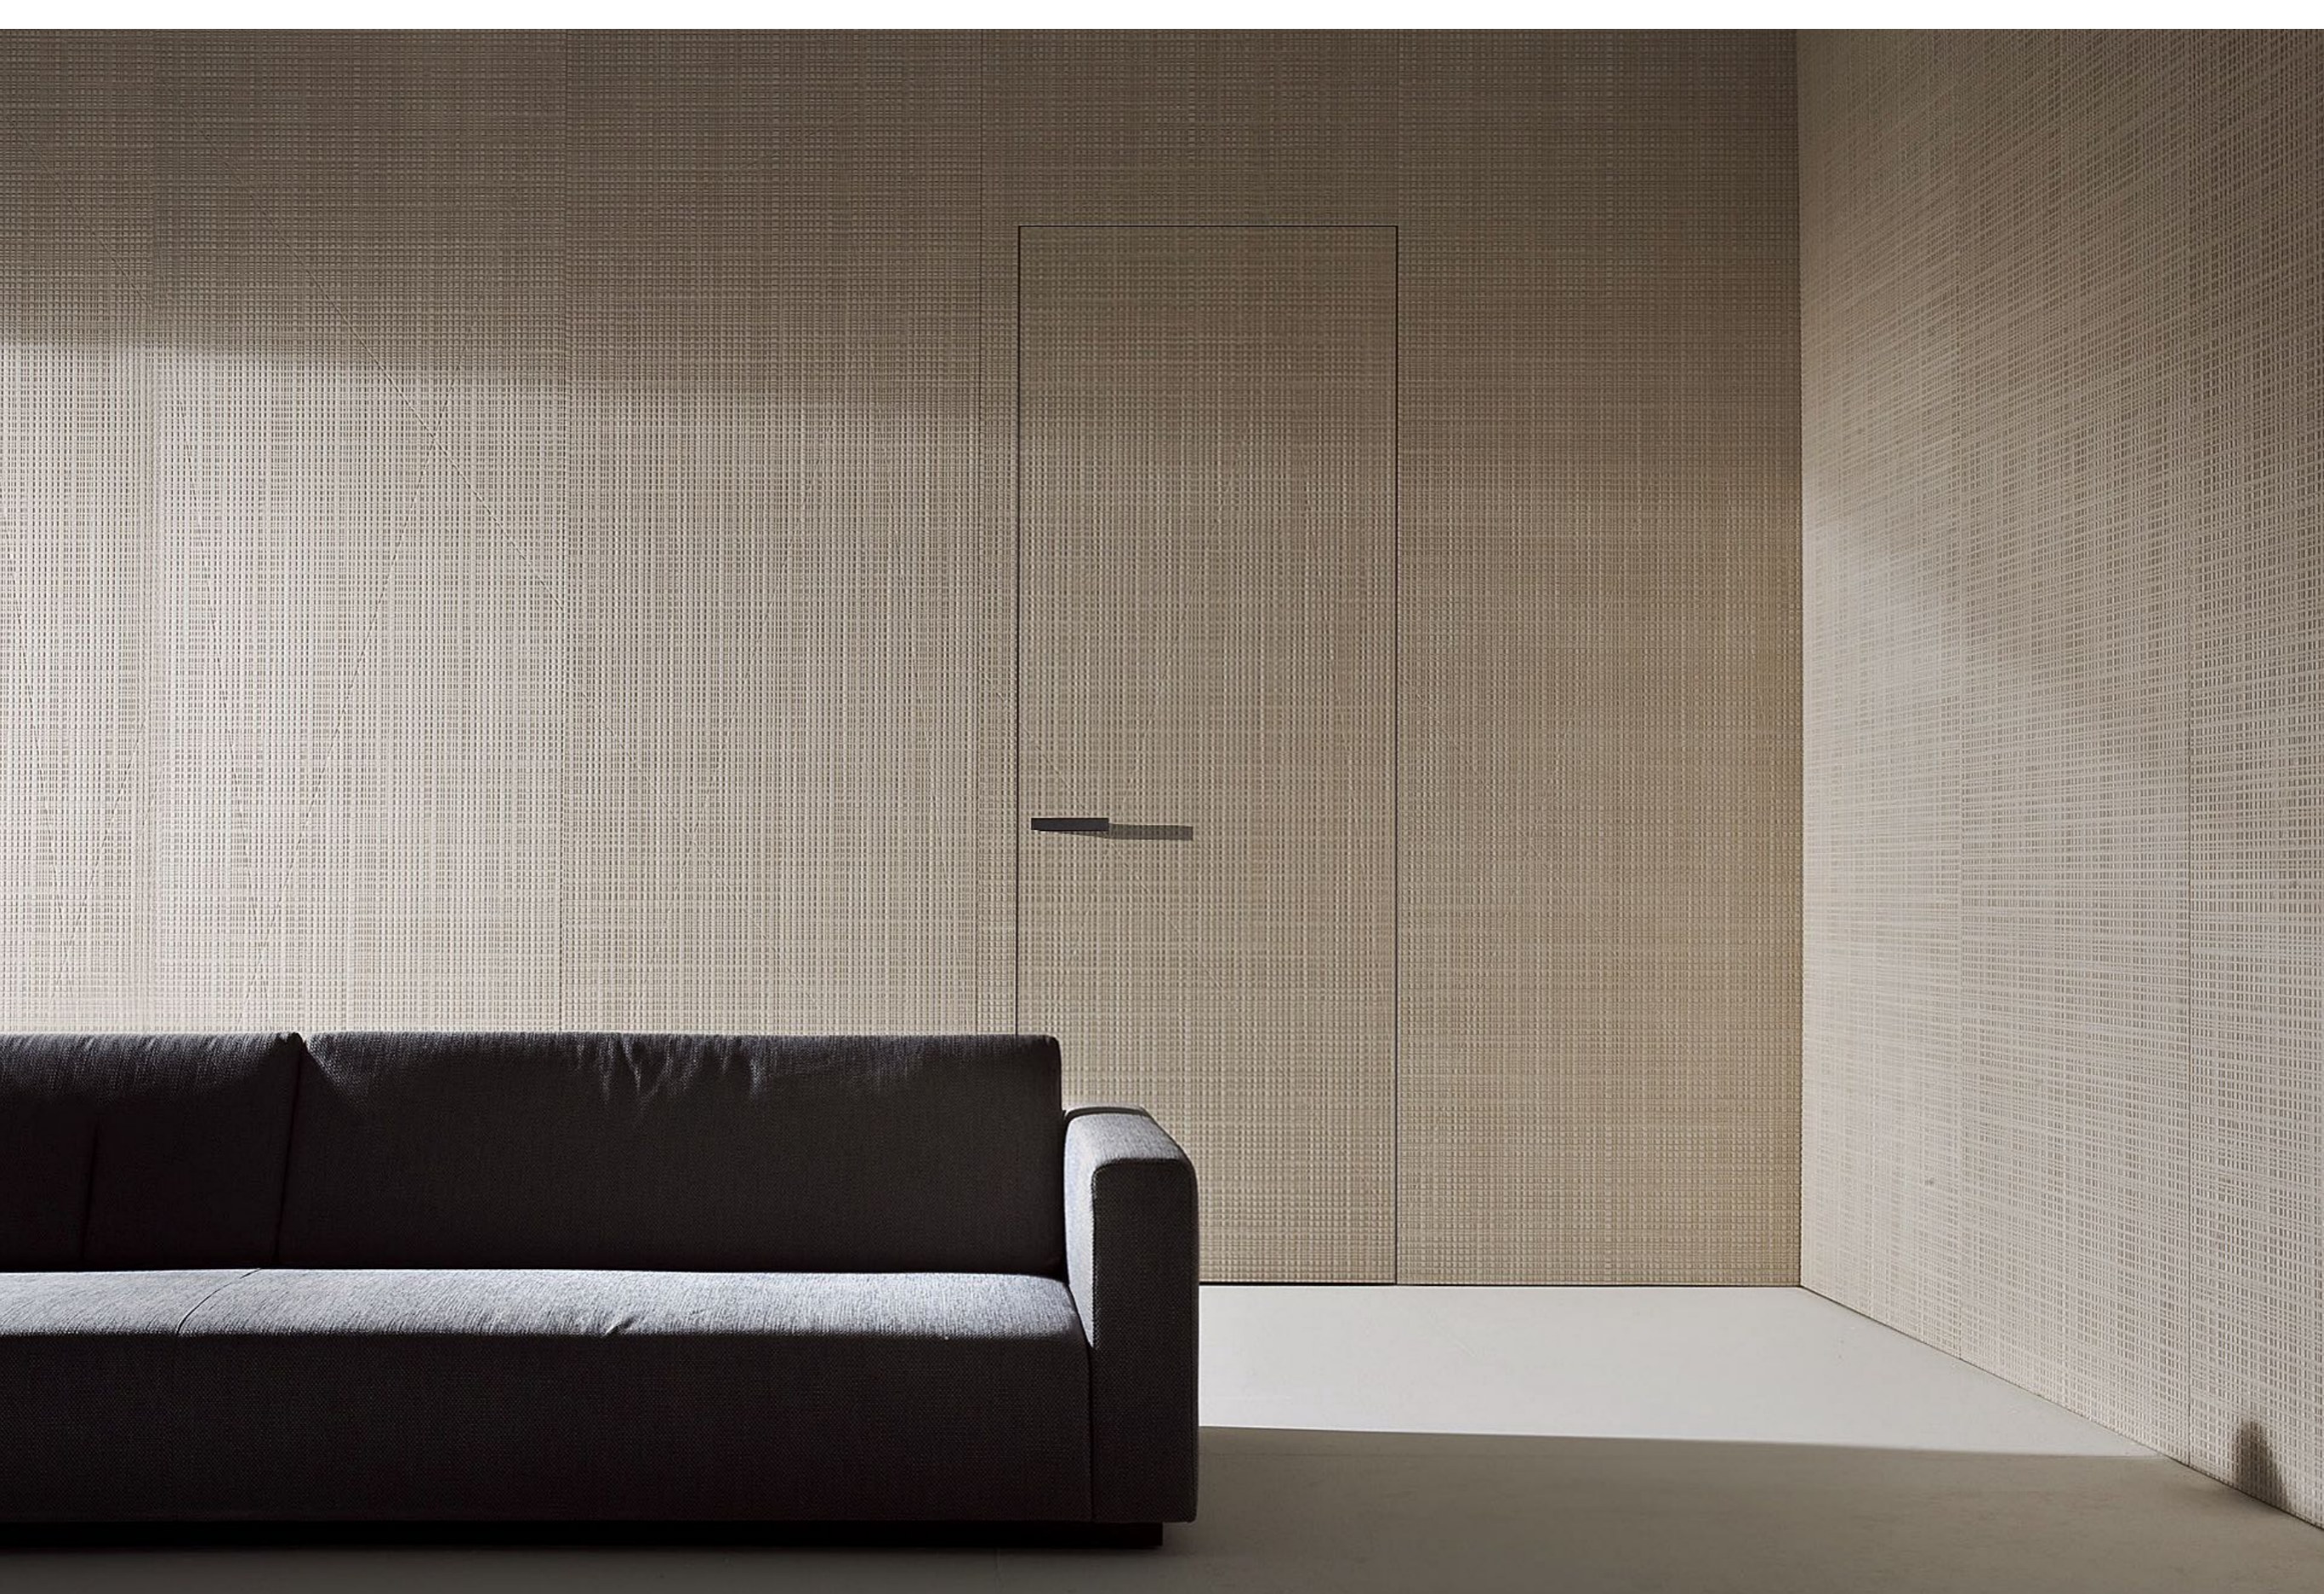

MAXIMA WALL PANEL

Maxima Wall Panels are characterized by a distinguishing pattern that decorates the wood surface in a unique way.

Maxima Wall Panels can be combined with integrated hinged doors of the same collection, to create an elegant system.

These wall panels are available in all carved wood of the collection as well as aniline dyed in different colors.

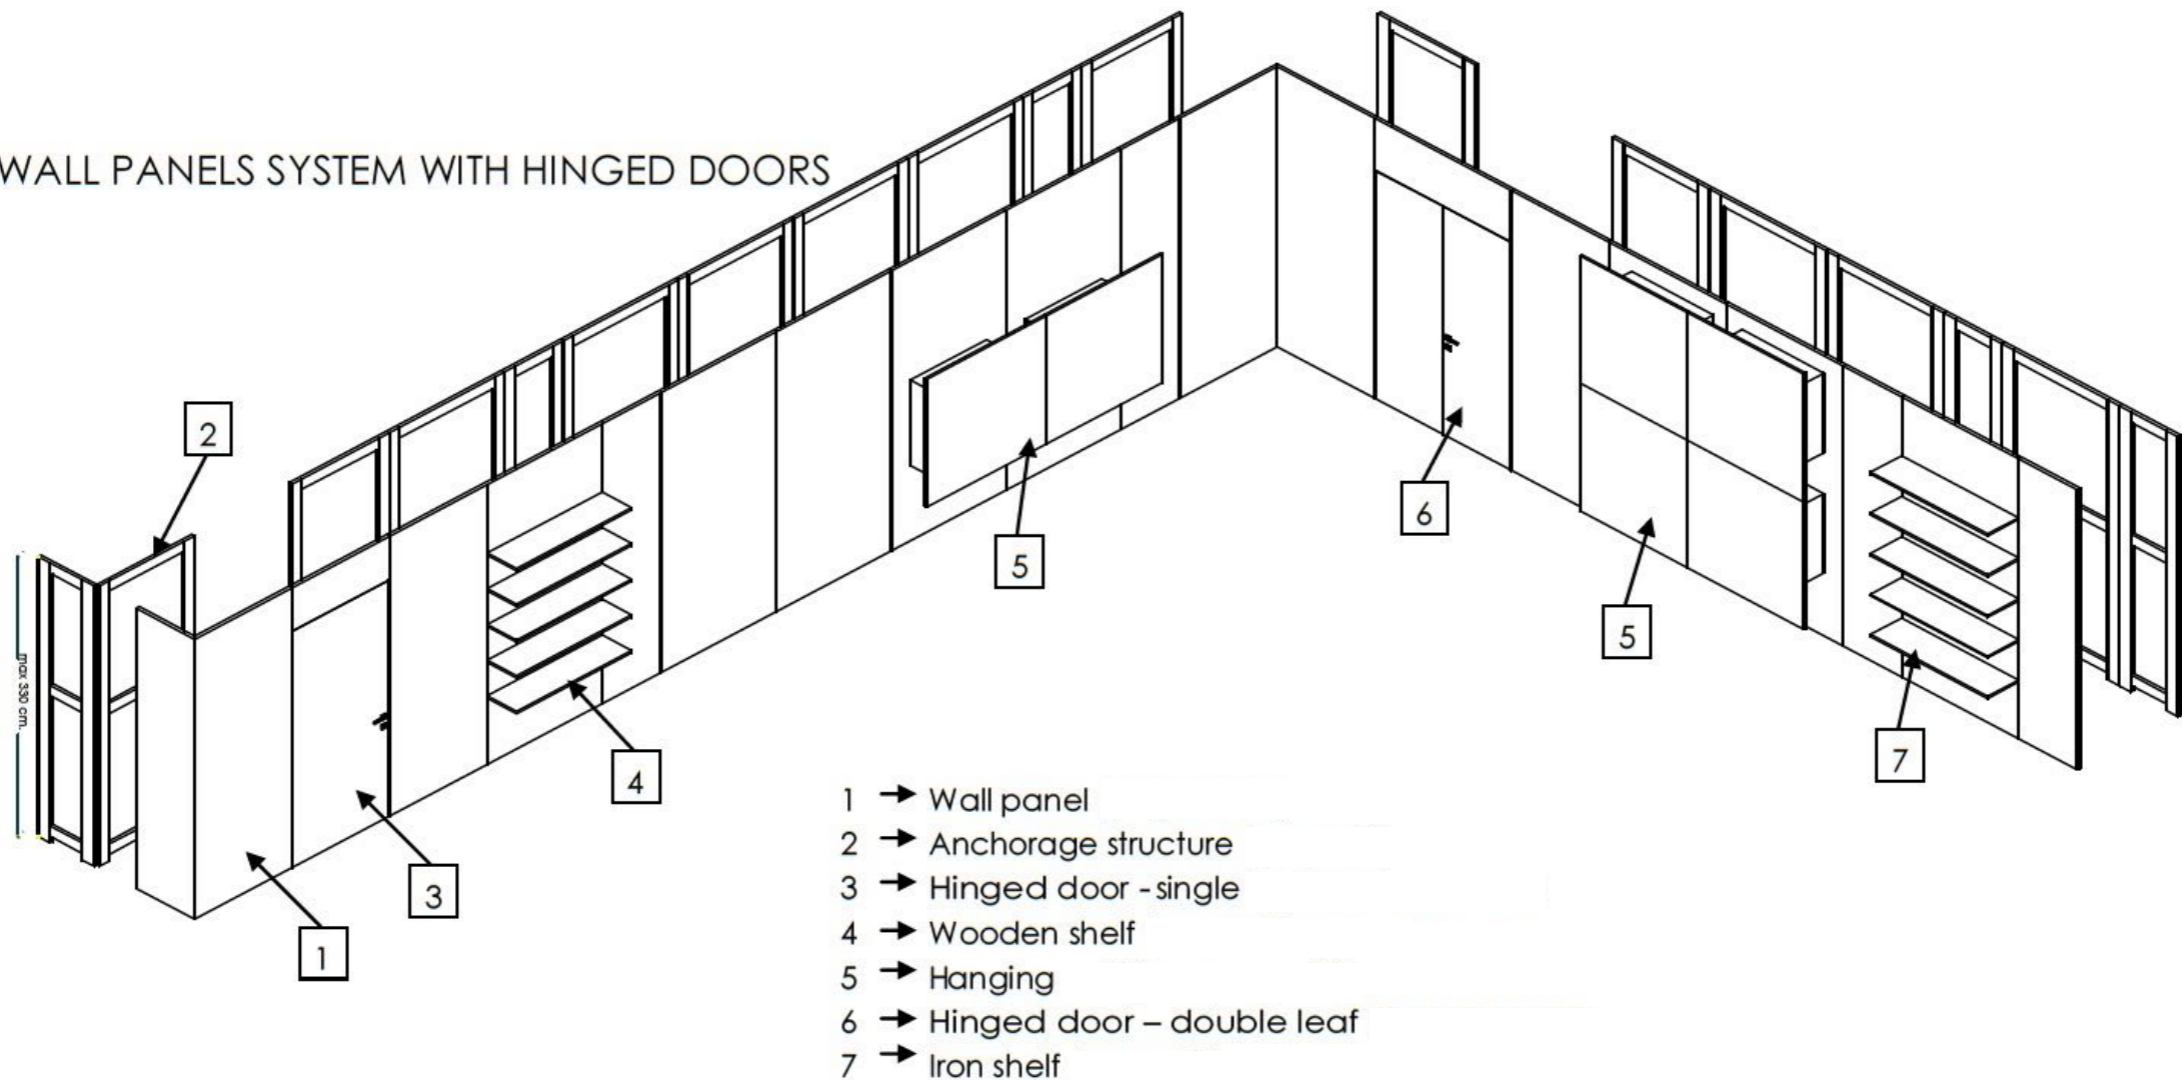

MAXIMA WALL PANEL

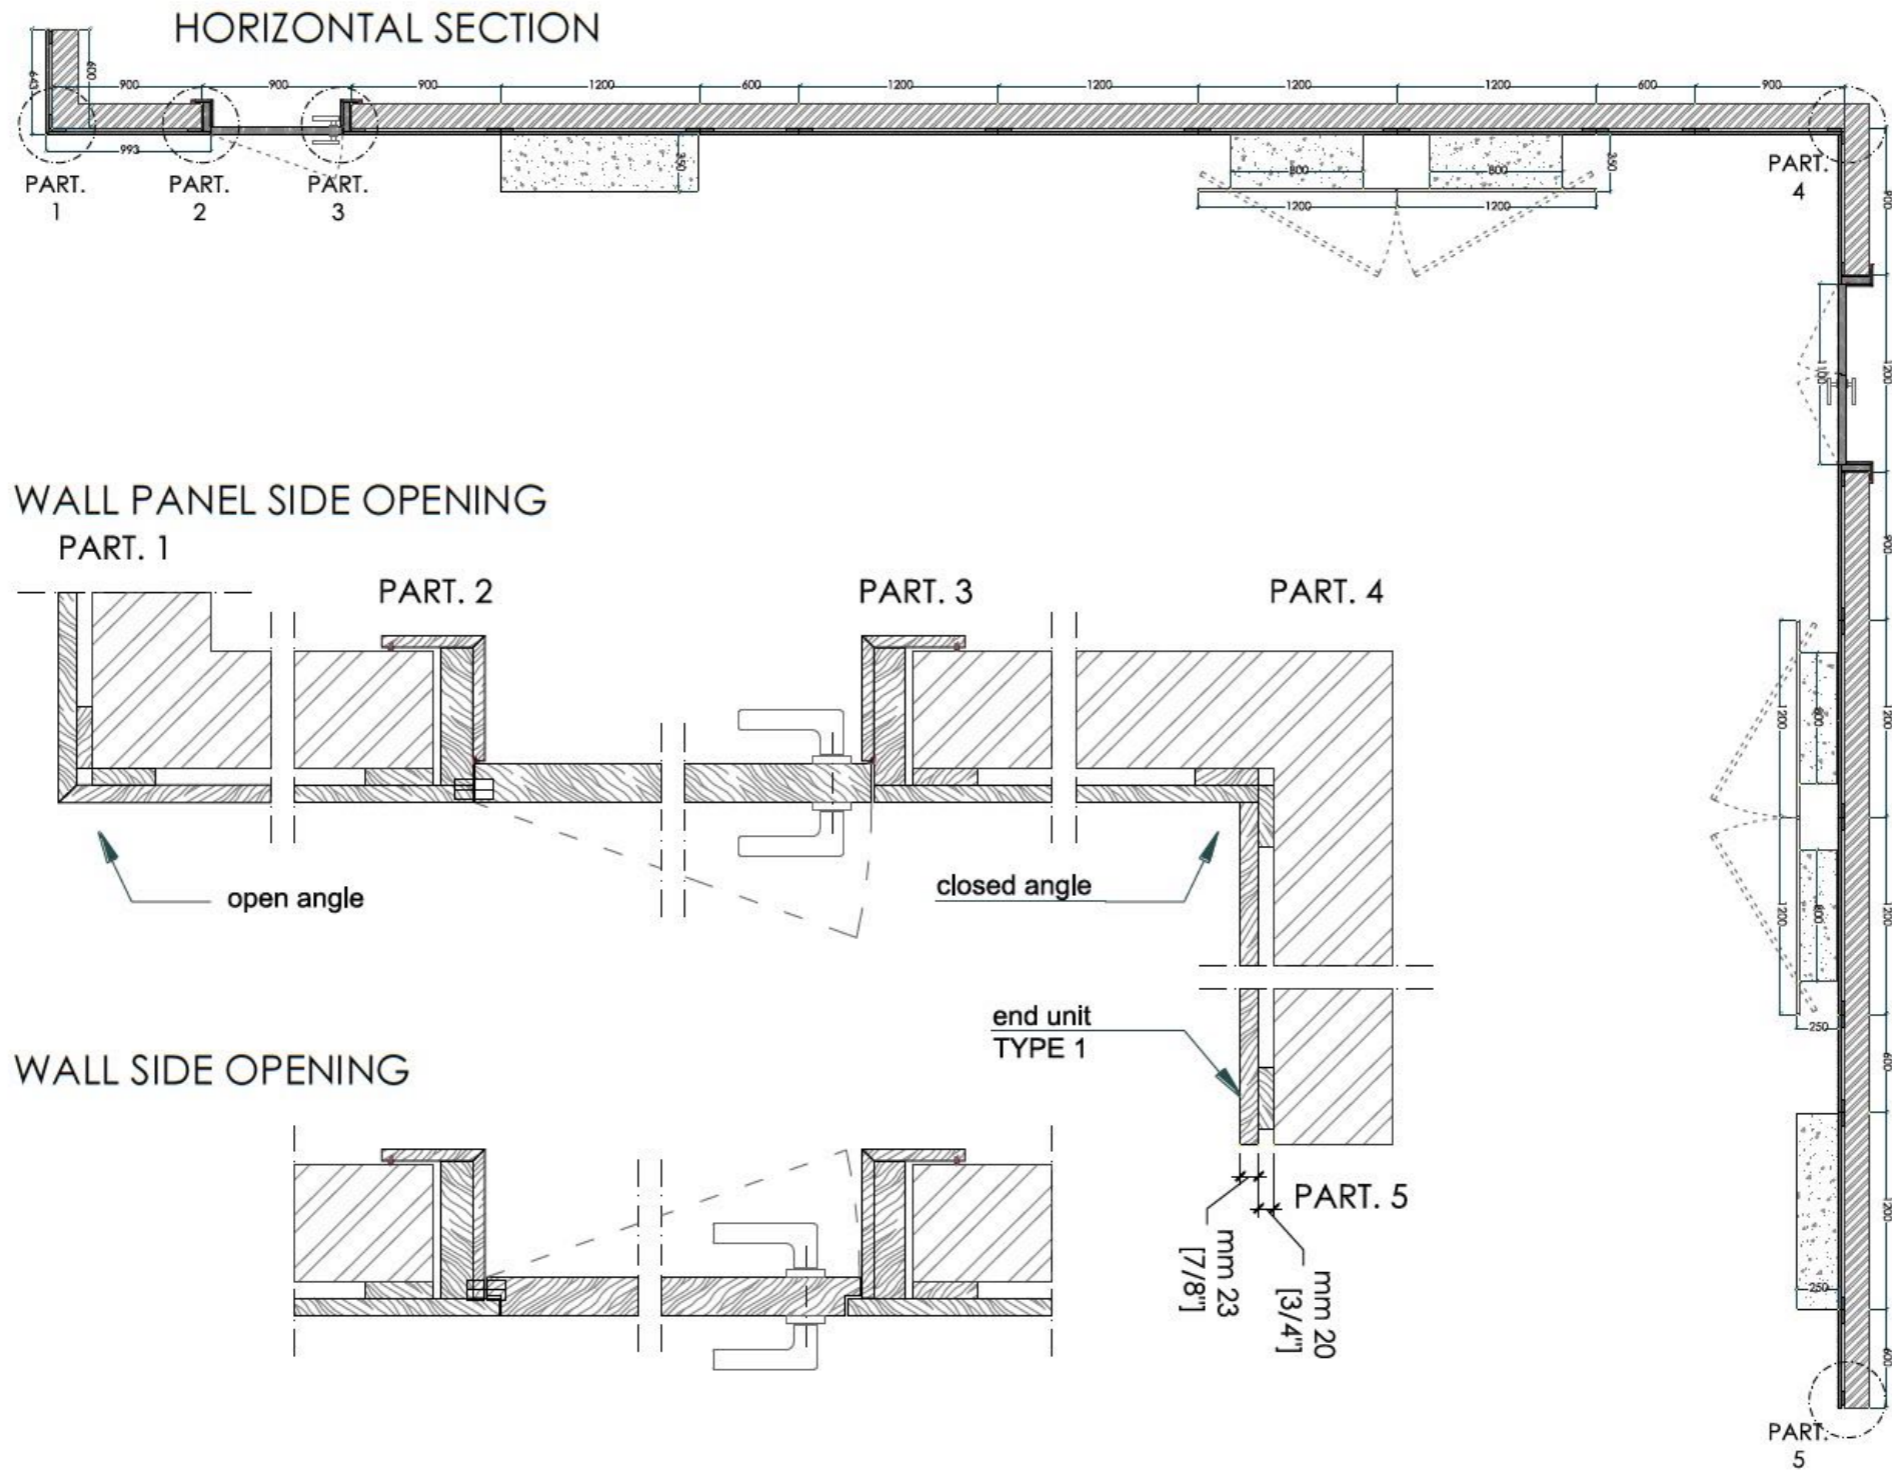

Thanks to our project evolution, the Decor doors collection includes also wall paneling, shelves and units that, available in all the woods and finishing (carved wood, lacquering and fabric) of the collection, create and decorate an exclusive environment marked by customized compositions.

A simple structure for hanging the panels to the wall allows a quick and accurate installation.
