METROPOL MODULAR SOFA

---

**LAURAMERONI**  
design . collection

The "Metropol" seating system has been designed with the idea of creating a product with aesthetic features and highly customizable modular possibilities. The strength of the project is the total customization of the finishes of both the external structure and the upholstered seats without neglecting the contemporary and elegant design that characterizes it.

Thanks to its modularity, different seating compositions can be designed. Combining the various finishes proposed for the structure with a wide and sophisticated choice of fabrics and leathers for the upholstery, you can create unique aesthetic and structural combinations that satisfy the most different tastes.

LUXURY DECOR & BESPOKE SOLUTIONS

A sophisticated and contemporary design characterized by an external lacquered structure that embraces and encloses the wide and comfortable seats.

The external structure of the sofa has been designed to keep the seating elements off the ground, thus giving lightness to the suspended volumes.

A refined and elegant aesthetic language that is expressed in the soft and enveloping shapes and in the details with a strong visual impact such as the structure in "Gold" lacquered finish.

Elements with armrests, corner elements, peninsulas with or without backrests: a range of modules that can be combined together to contribute to the versatility of the system, simultaneously designing intimate relaxation areas and articulated spaces to accommodate more people.

Thanks to the multiple modules that can be combined between them, corner configurations with perfect geometry are obtained and situations articulated in several elements can be easily designed.

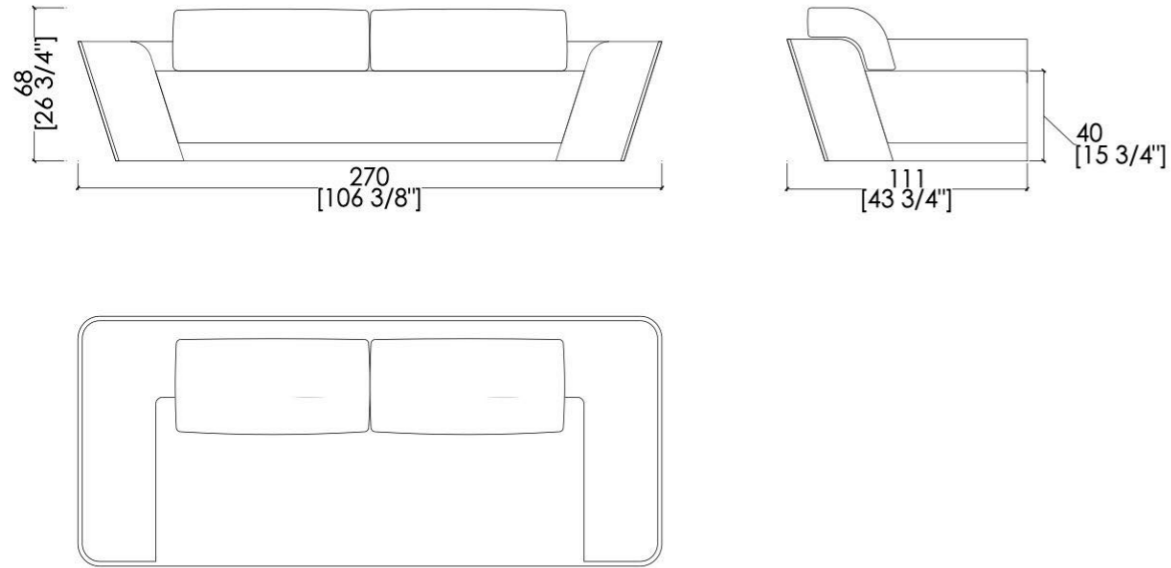

The comfortable padding of the seats and the multi-position of the cushions used as backrests offer a pleasant sensation of warm welcome and comfort.

Metropol is characterized both by the curvilinear line of the lacquered structure in the various finishes chosen, as well as by the reclining backrests, and enhanced by sartorial details such as the stitching on the corner of the sofa that underlines its marked elegance and originality
