ONDA CABINET SYSTEM

LAURAMERONI
design • collection

System of custom made wardrobes with carved wood hinged doors with Onda collection pattern. The wardrobe is customizable in size, equipment, doors and interior finishes.

The curvy Onda pattern, designed by Rizzato and realized by our skilled craftsmen, enhances the elegance of the entire wardrobe and perfectly integrates it into the system of doors and wall panels available with the same finish.

The wardrobes of the Onda collection are internally and externally realized in natural of wood, in rosewood, wengè, Canaletto walnut and in all the other samples book wood finishes, or in matt lacquered in all RAL colors.

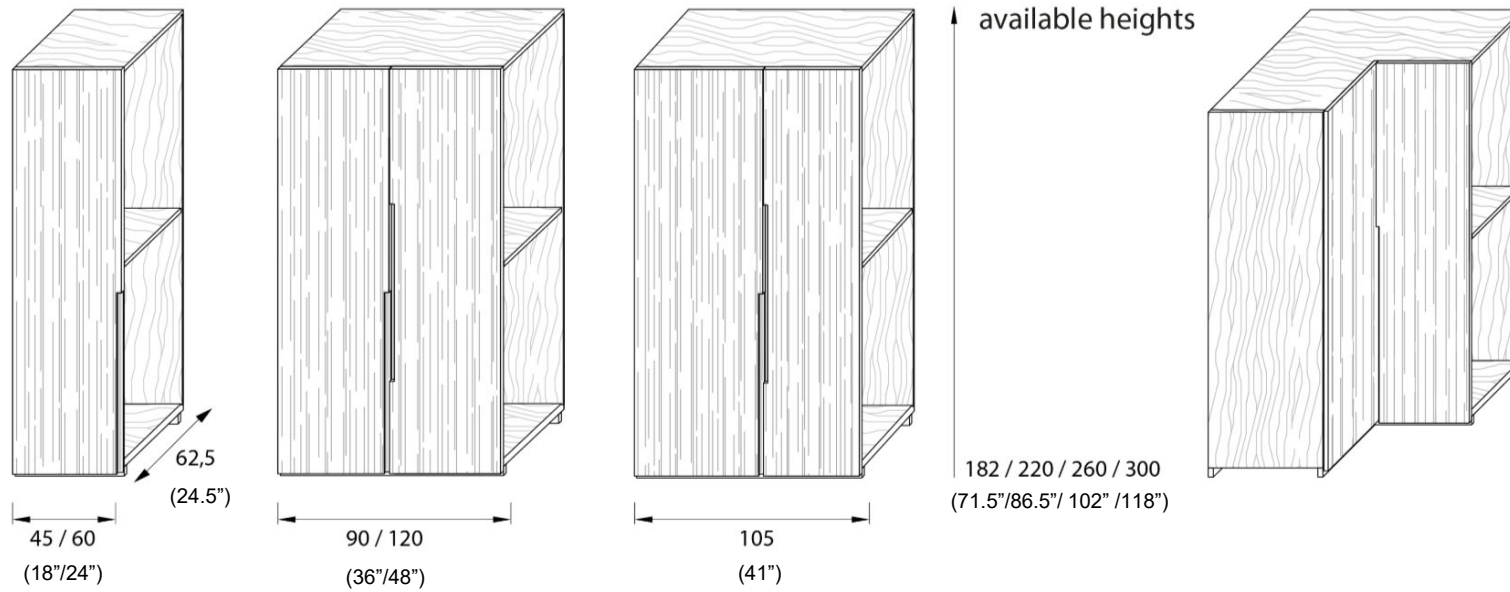

The interiors of the wardrobes can be equipped with fixed wooden shelves, with removable shelves, with drawers with wooden or glass front and with fixed or removable shoe racks.

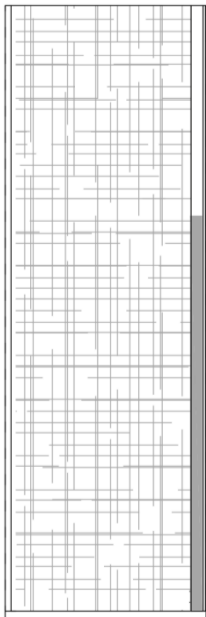

The shoe storage shelves are also realized in the same wood with which all the other components of the wardrobe structure are made of and can be customized by choosing from the essences available in the samples book or in other special finishes.

A wide range of accessories is available with which to customize the interior part of the wardrobes: pull-down hanging systems, LED lighting, ozone perfume and purification systems.
