Outfit is an elegant modern dressing table with round mirror and drawers with natural wood structure, a glossy lacquered top and metal coated legs.

Designed by Cesare Arosio as part of the innovative modular walk-in closet "Line Outfit system", this refined vanity table is a true piece of craftsmanship, which can be even more enriched selecting the desired finish along our wide range of lacquered woods, natural wood or special coatings.

Outfit is a beautiful dressing table made in wood with a nice combination of different finishes such as liquid metal, glossy lacquering or precious woods.

Conceived for make up and dressing, Outfit is also a desk and a container for all the accessories you need thanks to its side and under top drawers.

Drawers can be beautifully divided and organized internally with liquid velvet coated or wood veneered custom made partitions.

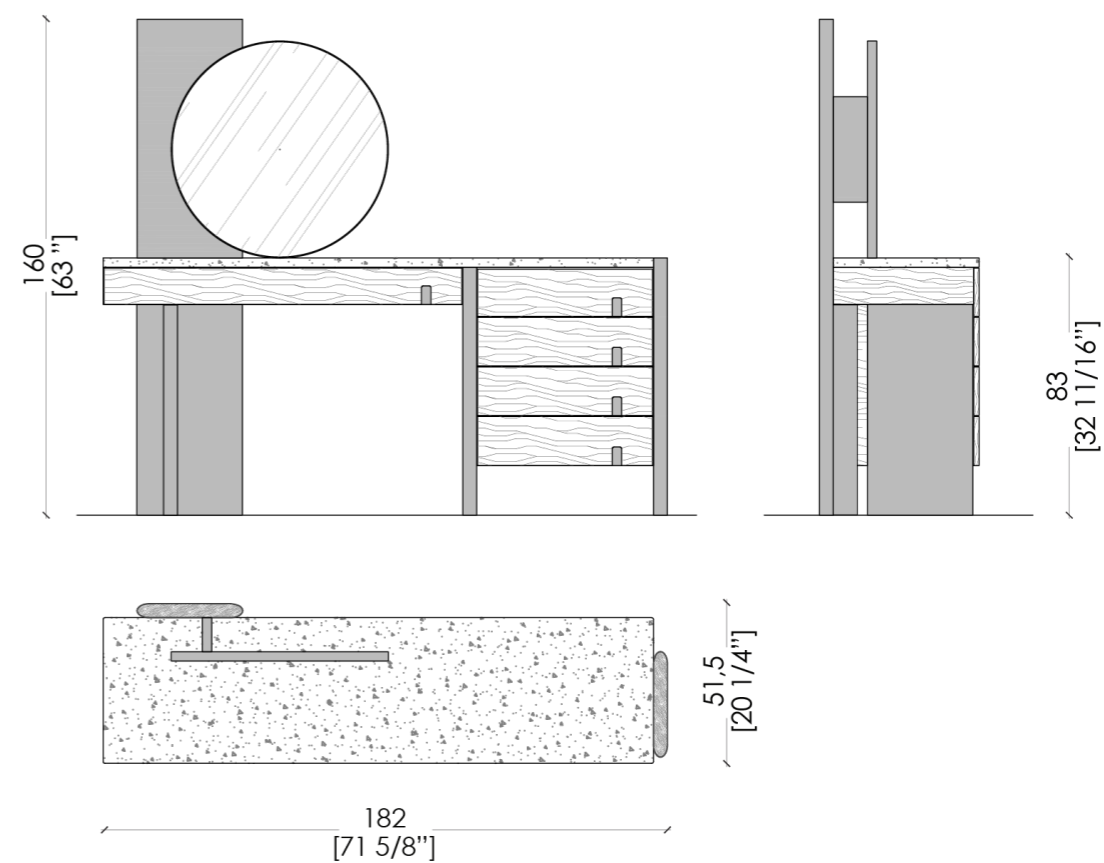

The structure supports a round silver mirror with a border which can share the same finish of the legs.

The customization possibilities offered to this vanity desk in terms of finishes and accessories are so many that you can personalize it to match your style.

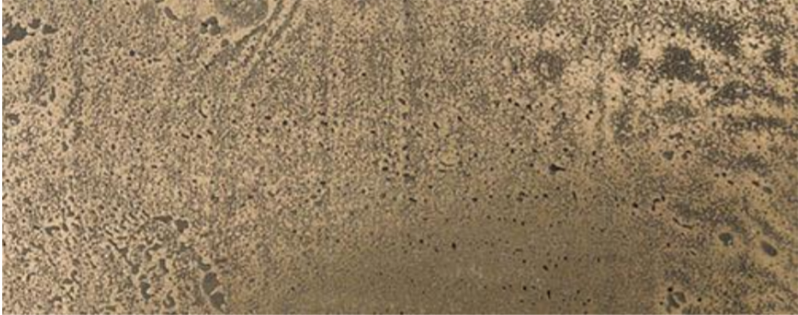

The drawer's handle is carved out on the front and can be lacquered or coated in the same finish of the structure.
