Quadro Door Collection

LM36 Graphite frame with inserts -
VG02 Satin Smoked glass

Solutions in glass and aluminum, for doors that become part of the design.

A system of swing and sliding doors in glass and aluminum, with a light design and a resistant structure.

Made in Italy design and the availability of a wide range of glass and metal/wood finish options.

This collection opens the dialogue between spaces, through elegance and lightness of the glass.

Available as a hinged door with or without casing and also available as a pivot hinged door.

LO01 White frame and jamb -
VV02 Satin Extraclear glass

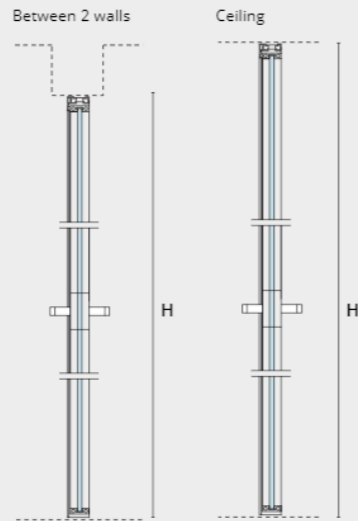

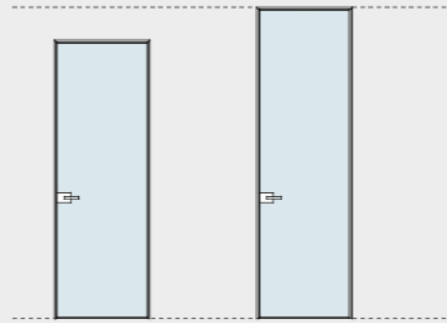

Square lines of the frame follow and capture door profiles, in order to frame it. As a picture it decorates the wall and gives a look to new spaces. Inside, the glass is framed on a small profile tone on tone that shows its beauty with a satin effect.

The “total white” door is a timeless style, it is a perfect solution to decorate with distinction classic style spaces and make lighter and the modern spaces.
