## SUSPENSION LAMP

Swirl is a suspension lamp made of a thin strip of metal in spiral form that generates an upward movement. This motion follows the curved line which is the source of a diffuse light, while the play of reflections on the metal surface creates a precious warm light, perfect for a pleasant and welcoming atmosphere.

The use of brass, hand worked, respects Laurameroni usual attention to metals to heighten their precious essence and create unique products.

LUXURY DECOR & BESPOKE SOLUTIONS

Hanging lamp made of an acid-etched brass strip in spiral form, available in two different diameters, with LED light and adjustable cables.

The acid-etched brass is an elegant and modern solution for the most demanding clients.

The unique design generates an upward movement following the curved lines of the lamp which is the source of a diffuse light.

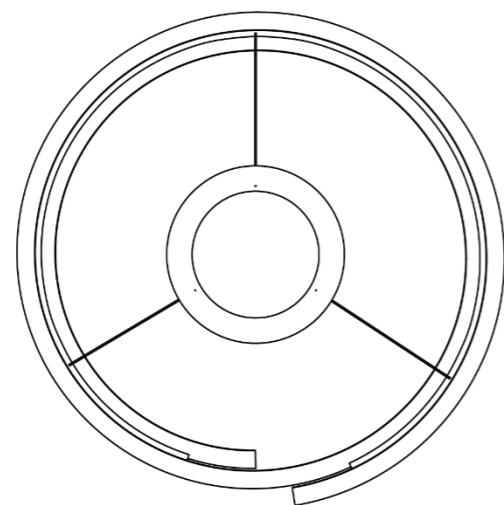

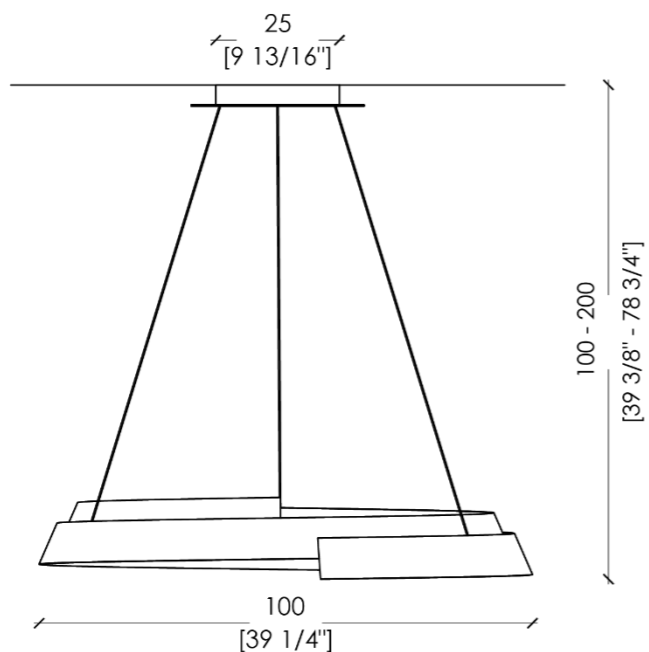

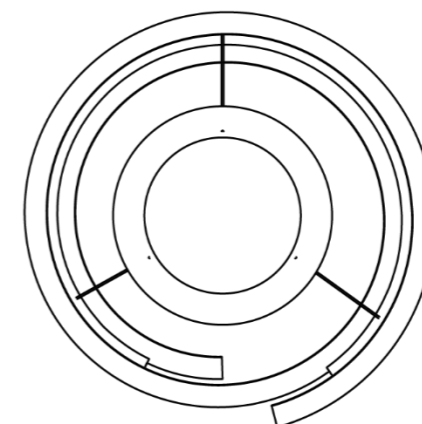

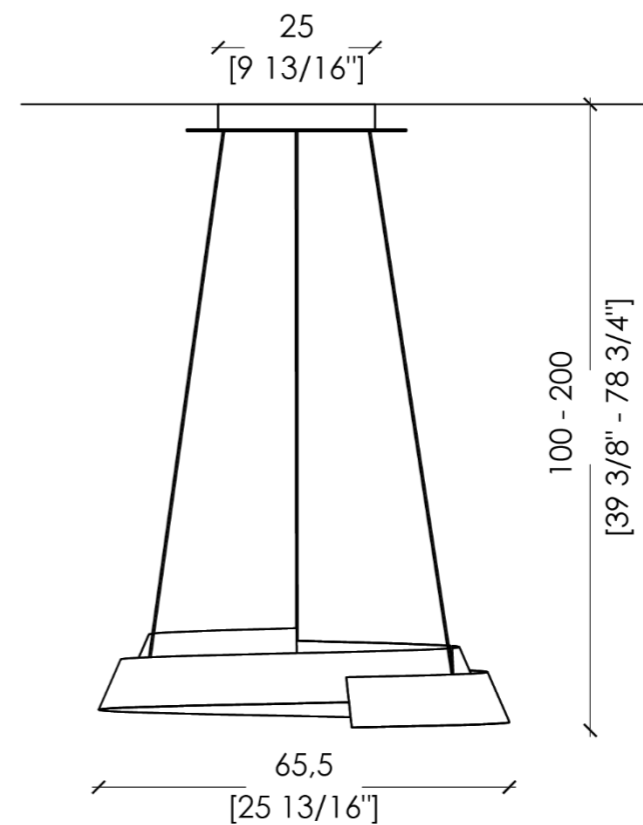

Used in combination to create unique compositions, Swirl lamp is an original lighting solution for a contemporary atmosphere.

This lamp can be use individually or in combination, to create unique effects thanks to the adjustable cables.
