WORK LIGHT SOSPENSIONE

LAURAMERONI
design . collection

Elegance and sophistication meet functionality and performance in this hanging spotlight.

Hanging spotlight in burnished brass arranged for ceiling fastening. Available with halogen bulb or LED.

This hanging spotlight, thanks to the adjustable height, can create different effects and adapts to different contexts, to satisfy clients' lighting needs.

The linear design and Laurameroni's usual attention to materials guarantee the quality of MA 05, a lamp in which uniqueness and elegance prevail.

Thanks to a refined design and the high efficiency these spotlights can be used also in public spaces, such as for reception desks. Worklight is immediately recognizable thanks to the essential lines that respect the vision of the designer.

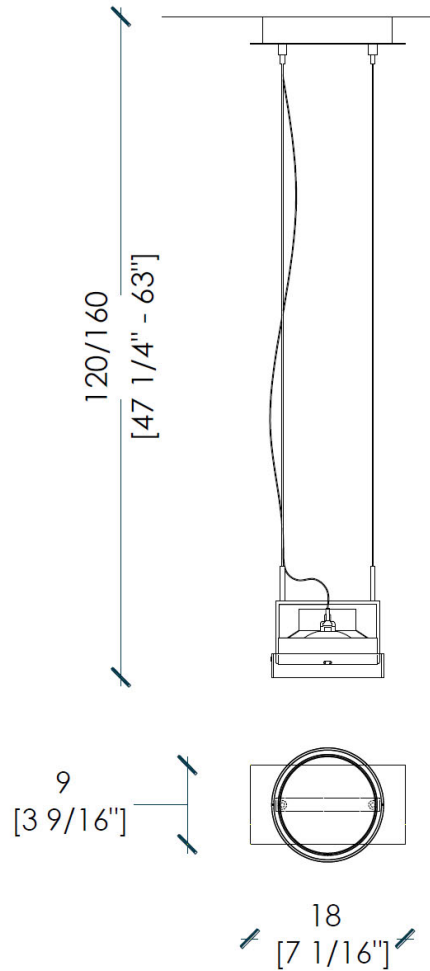

These spotlights are realized in solid burnished brass maintaining our attention to details unchanged.

Cables with adjustable heights, allow for the possibility to create different effects. Worklight has both a decorative and a functional role and can be used individually or in combination with other spotlights for illuminating wide rooms.

This spotlight, available with LED or halogen bulb, offers an excellent lighting performance for both private and public spaces.
