BD07 TABLE

LAURAMERONI
design . collection

BD 07 is a table with a wooden structure and top with wood inlay.

This table can be made in special dimensions and it is available in all woods of the collection and in the square, rectangular and round versions.

The combination of the two woods can be chosen by the client always with the aim to offer an exclusive product, made to satisfy the most sophisticated needs. This table is often chosen not only as a dining table but also as a meeting table.

A Lazy Susan rotating mechanism can be applied on the round table, creating a surprising yet extremely functional effect.

BD 07, combining elegance with solidity, is a square table ideal for any sharing moment.

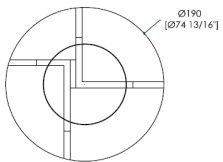

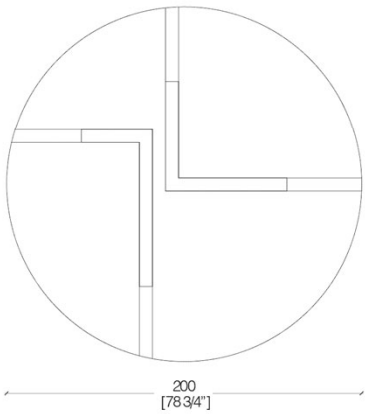

The combination of the two wood essences used for the inlays can be chosen by the clients, to meet different needs.

The numerous combinations of wood essences allow to create different effects apt to different interior design projects.

This table is characterized by neat geometrical lines for an elegant and essential style.

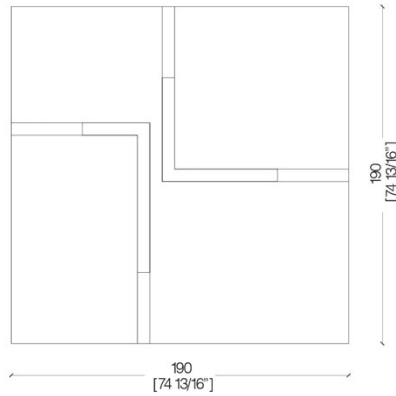

BD 07 can be used in different situations: from a residential project to public spaces or executive offices.
