MAXIMA COLLECTION BD10

LAURAMERONI
design . collection

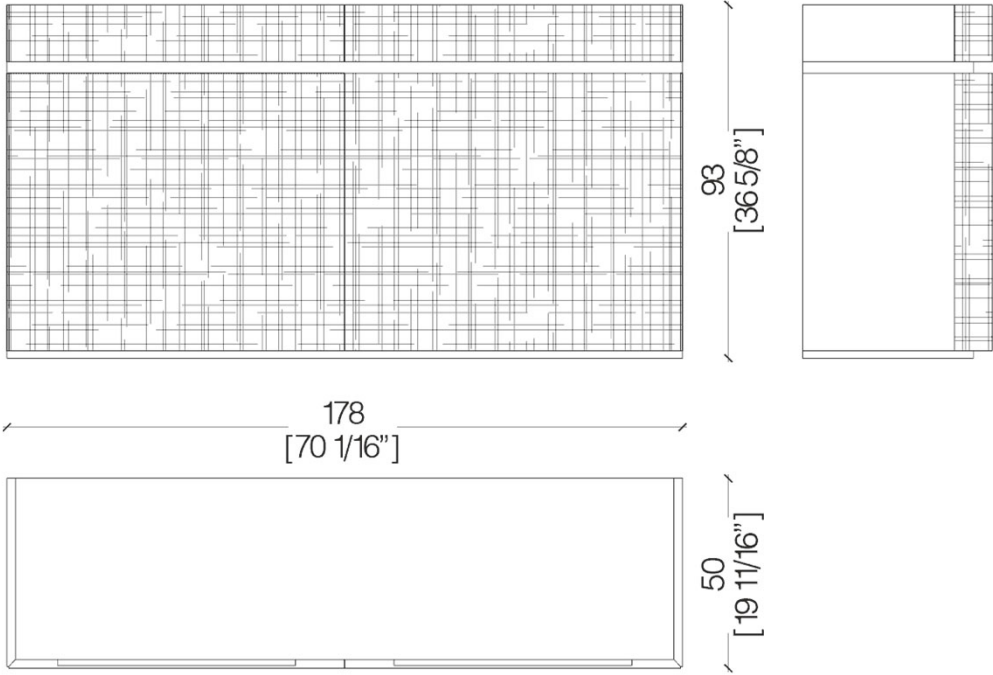

Wooden sideboard with carved sliding doors and drawers, internal frame lined with satin aluminum, backs made of opaline plexiglass with lights and equipped with internal glass shelves. It can be realized in all woods of the collection and in special dimensions.

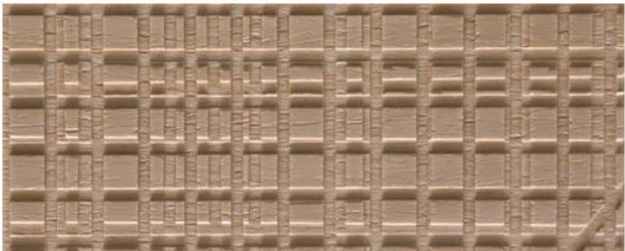

BD10 is part of Maxima collection and is characterized by its typical surface design, offering a perfect solution for clients looking for a unique and functional sideboard.

The combination of the finest woods with glass shelves creates a classical yet sophisticated solution, apt for different environments, both public and private.
