BD161 TABLE

LAURAMERONI
design . collection

BD 161 is an elliptical table with wooden top made with crossed grains and legs clad in brass with bronze finishing. It is available in stone oak wood and in special dimensions.

BD 161 E is an elegant table characterized by a rounded shape combined with the straight lines of the top surface. A perfect solution for all those customers who are interested in modern design.

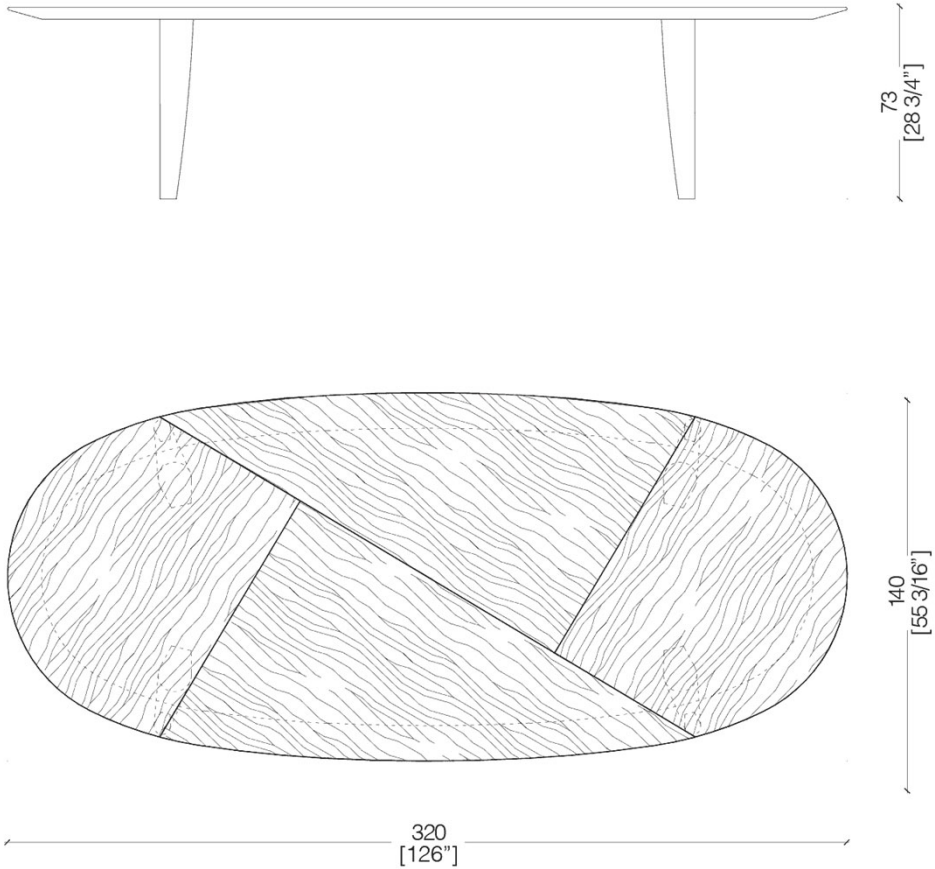

The rounded shape of BD 161 table in Stone Oak wood, with bronzed brass legs, creates a delicate, warm atmosphere.

The distinguishing element of this table is the top decoration: straight lines cut across the surface for a unique effect.

BD 161 is available also in stone oak wood, a precious essence whose texture and color remind us of the stone: a unique solution for the most demanding clients.
