RAJA DINING TABLE

LAURAMERONI
design.collection

Raja is a collection of tables completely made of solid marble, with 3 cm thick top, rounded edges and two legs base obtained from a single block of marble. This table, available in Black Marquinia, Calacatta or Bianco Carrara marble, is a unique element for luxury environments.

A minimal yet sophisticated design combines with the choice of the finest marbles, respecting Laurameroni's attention to details and materials.

Available in the rectangular and round models, Raja table is perfect for customers looking for an important and refined element of design.

LUXURY DECOR & BESPOKE SOLUTIONS

The main distinctive feature of this table is the marble, the only material with which it is realized.

Available in the rectangular version, BD 44 R, is completely made of marble, with the top supported by two bases obtained by a single marble block.
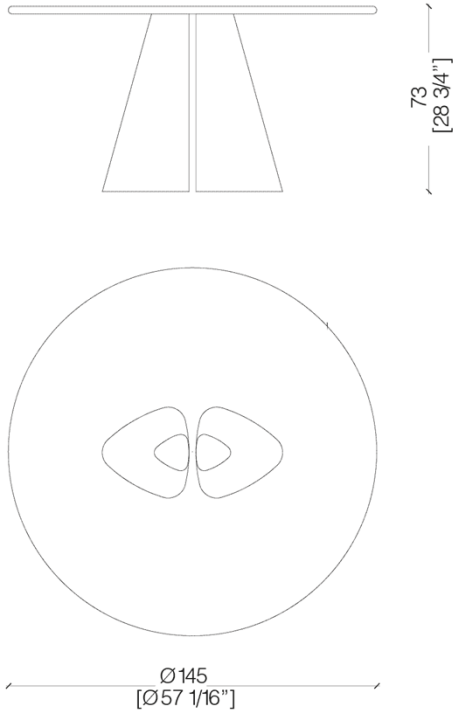

Black Marquina marble, with its elegant grain, is only one of the options available.

BD 48 T is the round version of Raja table which can be realized in White Calacatta, White Carrara or Black Marquina marbles.
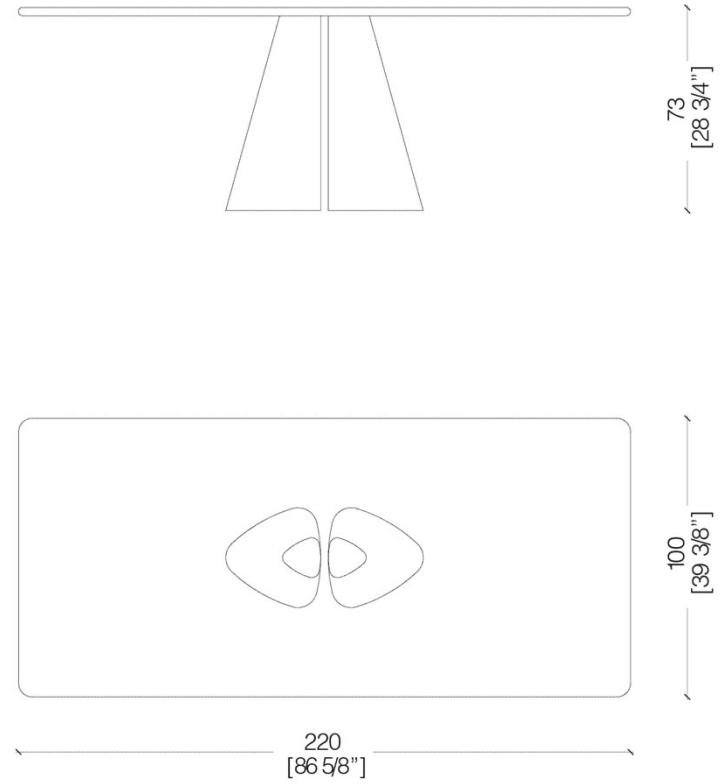

The essentiality of the geometrical lines combines with the marble strength to obtain an extremely elegant table.

The finest and most precious materials allow the creation of a product conceived for luxury environments.
