SOTTSASS COLLECTION – SA02

LAURAMERONI  
design . collection

Sideboard with bright steel base. Unit in red aniline-dyed maple, 4 hinged doors, sides, back and top in transparent ultra-light glass. On request satin glass available.

SA 02 is a sculptural piece of the Sottsass collection and it exemplifies Laurameroni concept of essential luxury, emphasizing its solid contemporary culture.

The use of red aniline-dyed maple strongly characterized this product, which is immediately identifiable, for all those clients who are looking for unique design elements.

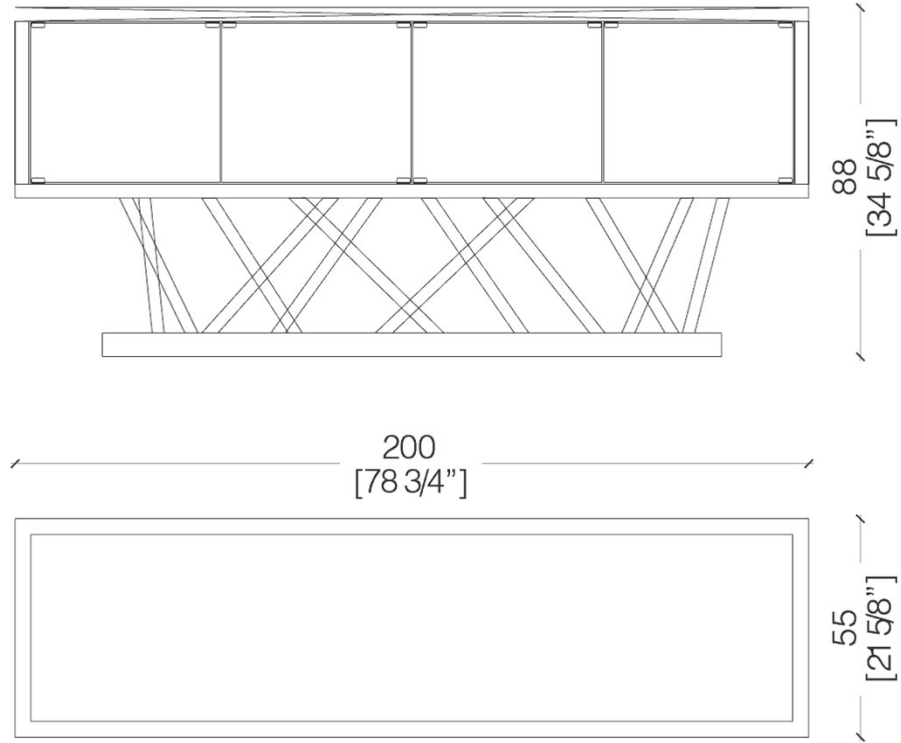

Sottsass dresser stands out for a unique mix of essential luxury and contemporary culture, thanks to the original steel base that supports a light crystal structure.

The glass transparency, the polished steel reflections and the vivacity of the red dyed wood frame turn this dresser into a suggestive product with an incisive presence.

The steel base, with its unusual form created by the divergent directions of each support, reveals an advanced technical ability of our craftsmen.
