STARS LOW TABLES

LAURAMERONI
design . collection

Stars low tables are a set of coffee tables completely clad in metal available in brass, copper, steel or iron.

These square, small rectangular or large rectangular occasional tables are born from the need to create a contemporary product, an element that the customer can use as a single piece or combined, creating interesting compositions.

The use of the finest metals and the exceptional ability of the Italian craftsmen make these elements unique and precious.

ST 31 is a perfect cube completely clad with metal and available in different finishes to meet any client's need.

ST 31 can be used as a single piece or in combination with more items to create a composition that perfectly adapts to the environment.

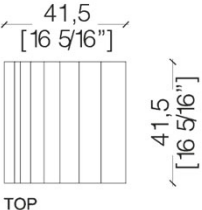

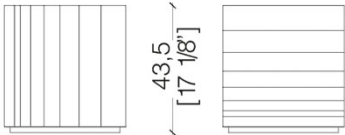

The metal covering is realized with the finest metals, valorized by the patient work of our craftsmen.

ST 32 is a square low table while ST 34 is a rectangular low table and they can be combined to create unique compositions.

Stars low tables can be realized in all burnished or satin metals of the collection and they are also available in the special black iron "cenere" finish.
