SATELITE DE TERRA LAMP-CG50

LAURAMERONI
design . collection

Floor lamp in dark oxidized brass with double plug LED bulb.

Designed by Carlo Giurgi, Satellite CG 50 is an important lighting element for internal wide spaces. Thanks to its shape, it allows to direct the light efficiently, offering a functional and sophisticated solution. The choice of brass guarantees the quality of the lamp, respecting Laurameroni usual attention to materials.

The elegant design makes Satellite CG 50 an iconic product.

Satellite CG 50 is a unique solution, thanks to a timeless design.

Within an elegant living room, this floor lamp gives the environment an extremely sophisticated touch.

CG 50 floor lamp can be used also in refined executive offices, where elegance and differentiation prevail.

Satellite CG 50 is a unique floor lamp whose linear shape directs the light efficiently. The elegant design of this lamp respects our usual attention to details for unique environments.

Special attention is paid to brass, hand-crafted to enhance its precious essence and obtain a unique effect. The thin brass arch and the rounded base give a simple yet extremely elegant look to this lamp.

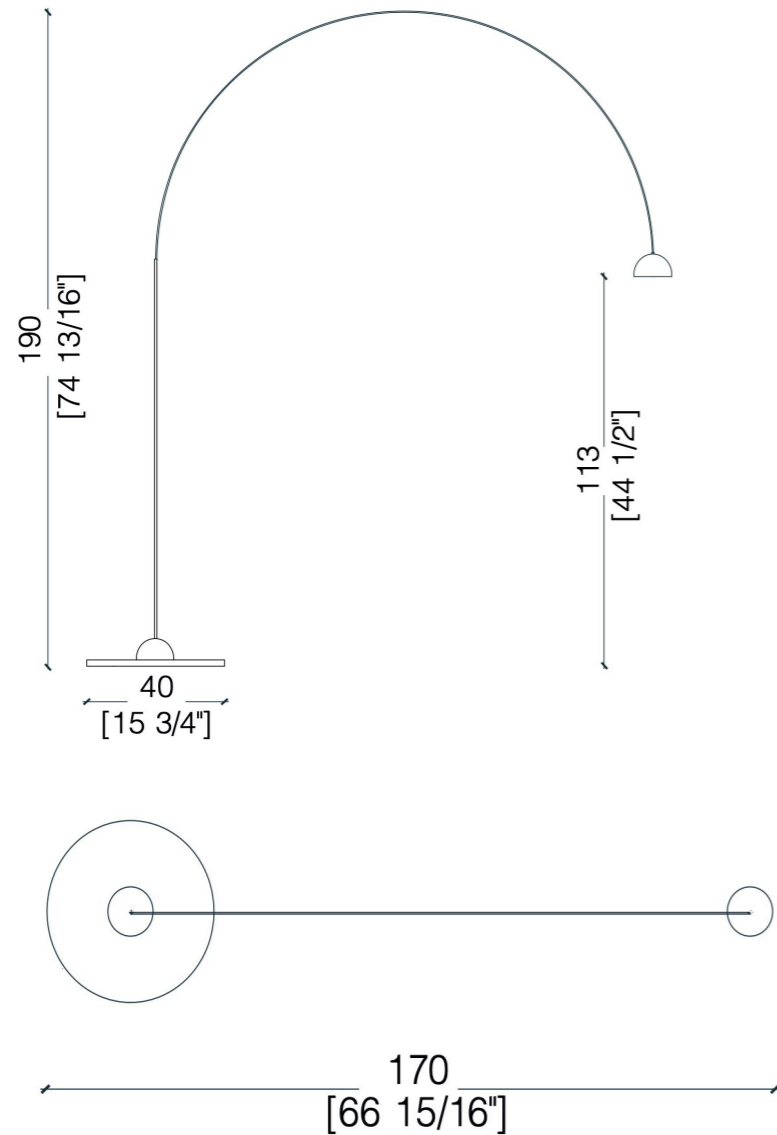

Perfect for both private and public spaces, Satellite adapts to different environments which share the same attention to details.

The distinguishing mark of this lamp is the oxidized brass that creates unique and always different effects. CG 50 is the perfect lamp to place close to a sofa or armchair to read your favorite books.
