TERRE CABINET SYSTEM

LAURAMERONI
design . collection

Terre is a system of custom-made wardrobes with hinged doors characterized by decorative panels separated by a wooden profile with rounded section.

Available in all wood essences, brushed matt lacquered in the RAL colors and in all metals of the collection.

Terre Wardrobe perfectly integrates with its wall paneling system where each panel is made one-by-one and assembled in horizontal bands alternating with a wooden profile. The result is a game of trapezes, lozenges and rectangles that run after each other even on the surface of the wardrobe doors.

The interiors of the wardrobes, entirely made of wood, can be equipped with fixed shelves, with pull-out shelves, with drawers with wooden or glass front, with shoe racks and with trouser holders.

The Terre wardrobe in the brushed matt lacquered version is characterized by an essential but at the same time elegant decorative design.

The characteristic element of the Terre Wardrobe's hinged doors, in addition to the geometric design, is the rounded section wooden profile that marks the door horizontally.

An added value of the Terre wardrobe system is the possibility of being completely integrated with great continuity with the wall paneling and door systems.

Exclusively for wall coverings it is possible to combine marble and lacquering or plain woods. It is also possible to create a full marble wall with the characteristic Terre geometric pattern.
