DECOR HINGED DOOR

LAURAMERONI
design . collection

Wooden hinged door with Decor carving on both sides and doorframe carved on the sight side. It is available in all woods of the collection or brushed matt lacquered in all RAL colors.

BD16 is also available with the middle panel in glass; wood veneered with vertical grain; lacquered (brushed matt or bright) or covered with fabric.

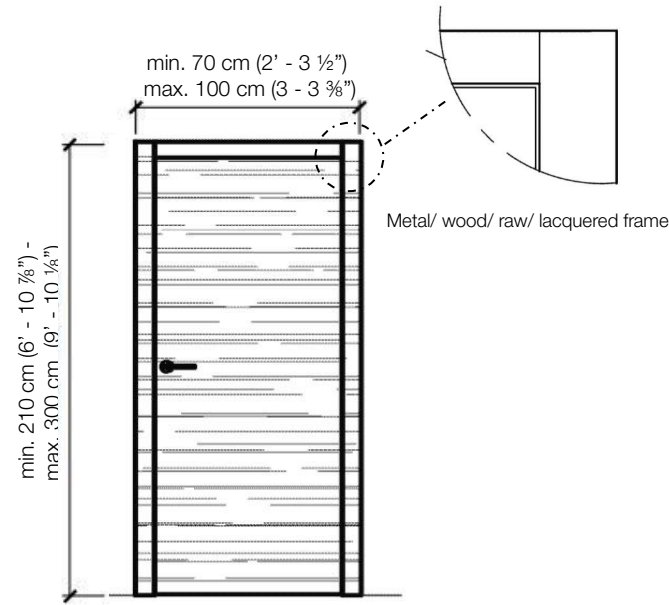

Decor door is available in the single leaf, asymmetrical and symmetrical double-leaf versions and it can be integrated with Decor wall panels to create a unique system.

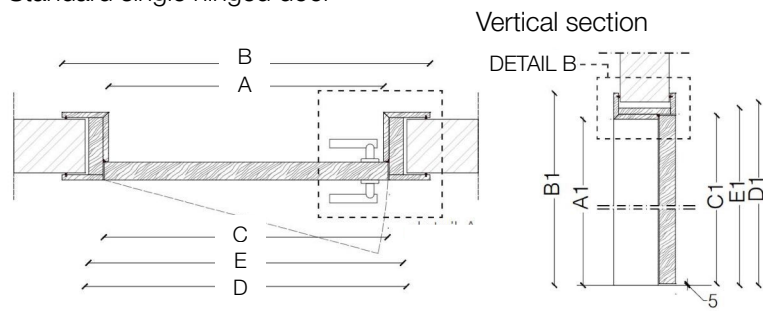

BD 16 door is no longer conceived as object-function but as a distinctive element that increases the value of the place in which it is collocated. The carved surface underlines once again the Laurameroni strong vocation for the treatment of materials and particularly of surfaces. The door can be made to measure according to the dimensions and wood-essences chosen by the customer.
