---

**LAURAMERONI**  
design . collection

Pivot door with Decor carving on both sides, available in all woods of the collection or aniline-dyed oak in all RAL colours. It is also available brushed matt lacquered in all RAL colors or covered with fabric.

Thanks to a sophisticated system of concealed pivots, the door can freely rotate on its axis to different degrees of opening, obtaining a surprising effect of movement.

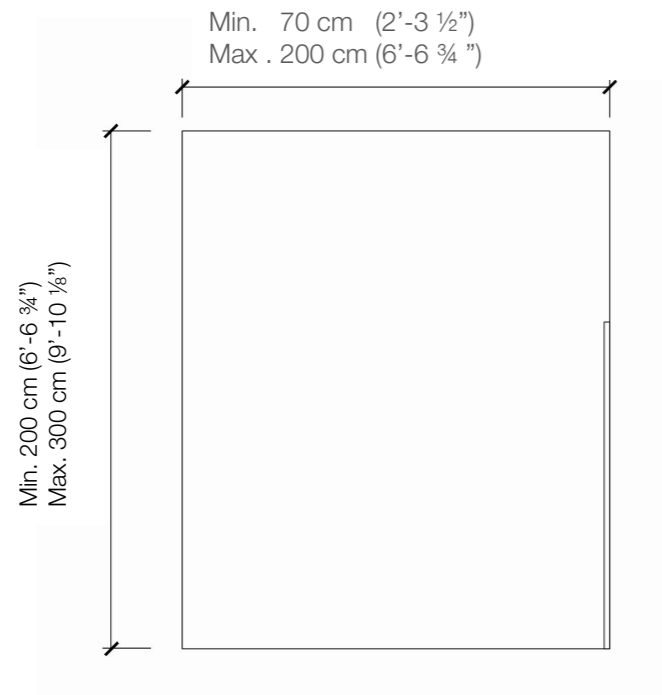

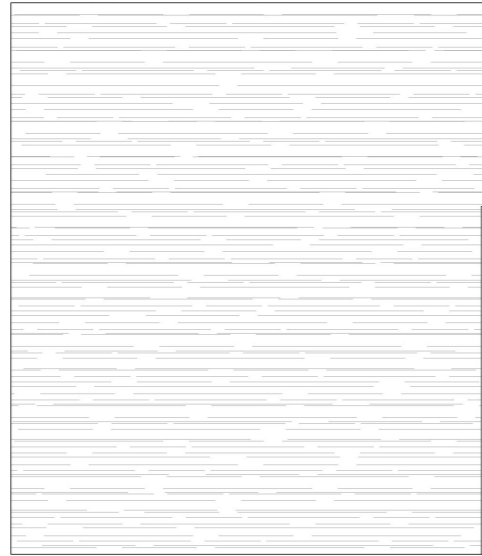

Decor Pivot door can be carved on both sides and can be integrated into wall panels of the same collection.
