ONDA HINGED DOOR

LAURAMERONI
design . collection

Wood veneered or brushed matt lacquered hinged door, with Onda carving on both sides, available in all wood essences of the collection and in all RAL colours.

Onda Door is characterized by a sinuous vertical or horizontal carving that creates an interesting game of lights and shadows.

As a matter of fact, the special carving makes this collection immediately recognizable, in its sophistication and attention to details, particularly as far as the surface design is concerned – one of Laurameroni's distinctive features.

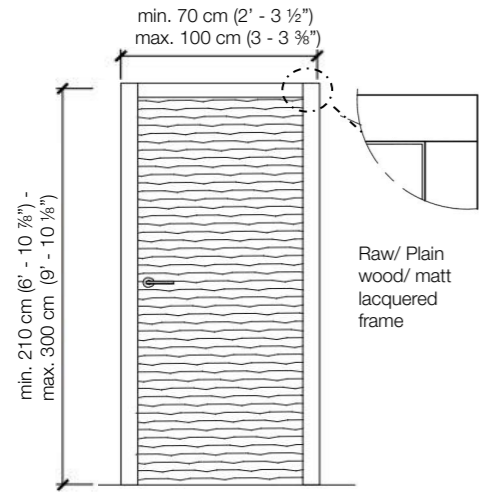

The key feature of this door is the Graffiti Collection door frame, which thanks to its dimensions characterizes the door in a unique and immediately recognizable way.

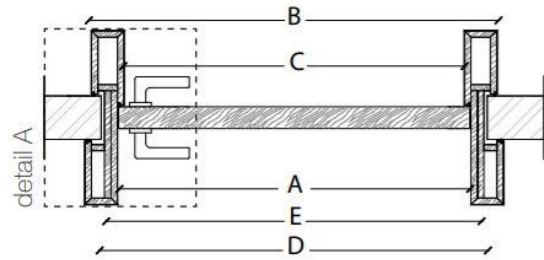

This door also available with flat door frame in the single-leaf, symmetrical double-leaf and asymmetrical double-leaf versions.

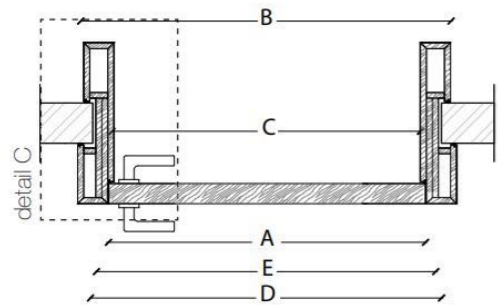

STANDARD FRAME

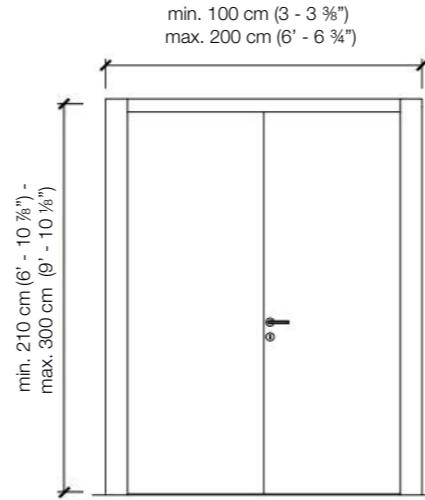

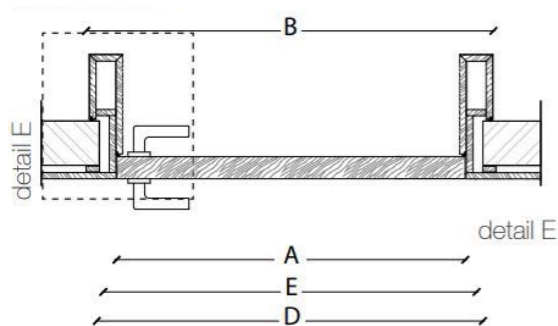

Standard single hinged door

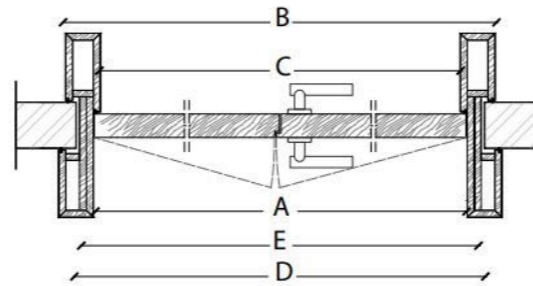

Flush with the door frame single hinged door
