STARS HINGED DOOR

LAURAMERONI
design . collection

Hinged door completely clad with metal, available in satin brass, burnished brass, satin copper, burnished copper, polished steel and black iron "Cenere".

This hinged door can be integrated with Stars Wall Panels to divide spaces efficiently, maintaining the same surface, designed for elegant environments and characterized by a strong visual impact.

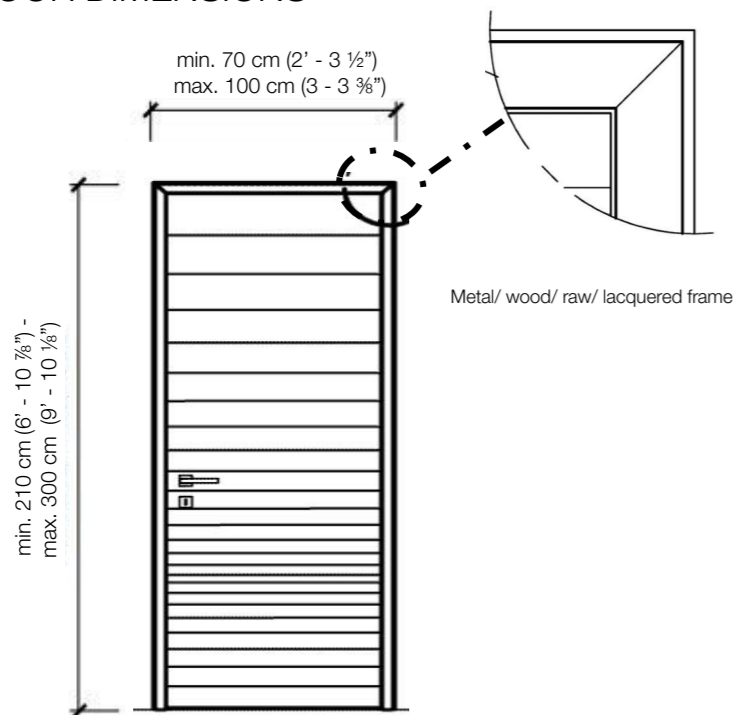

Stars Door is characterized by the surface divided into increasing and decreasing sequences of rectangles, in which the repetition of simple lines inspired by Op Art creates an interesting visual interaction with the observer.

The use of fine metals lends light and consistency to the products, fully waxed to heighten the precious essence of the metal.

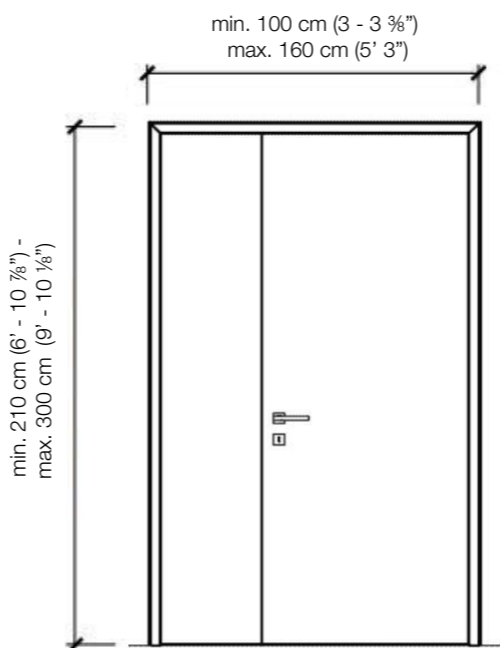

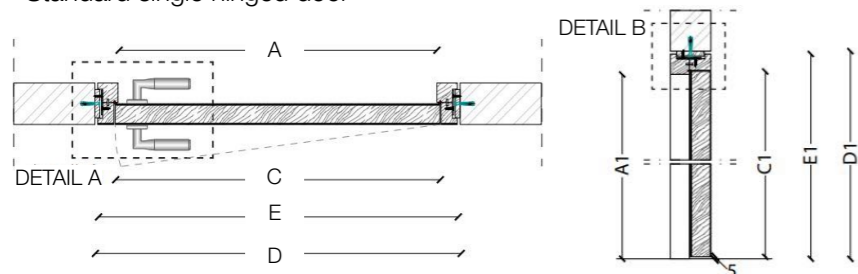

DOOR DIMENSIONS

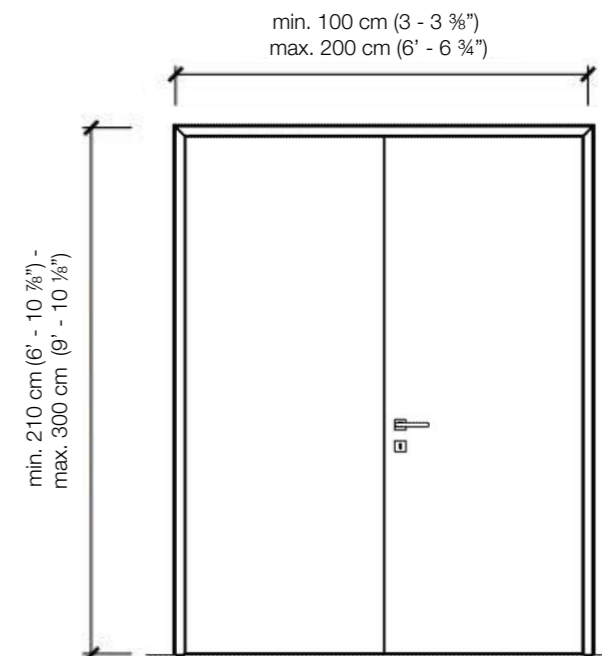

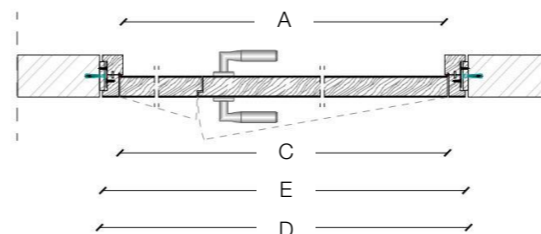

Standard single hinged door

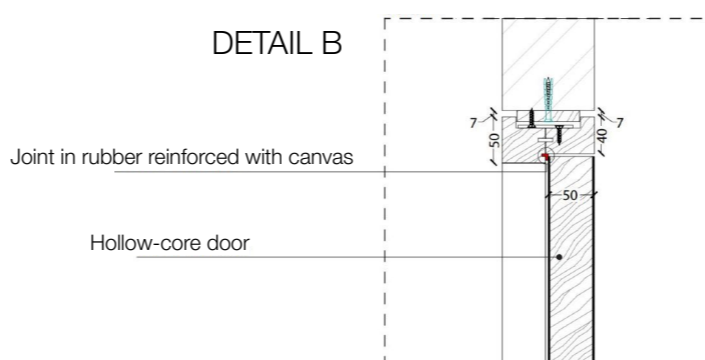

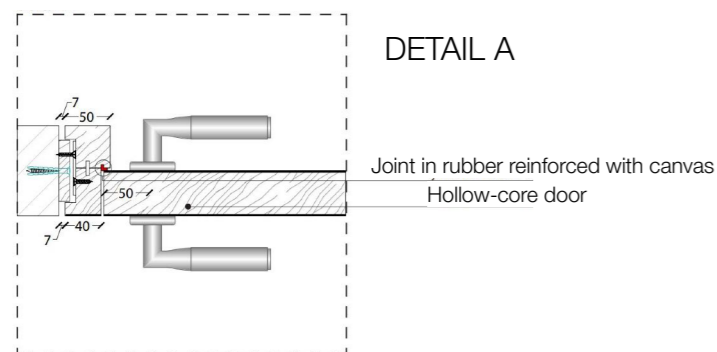

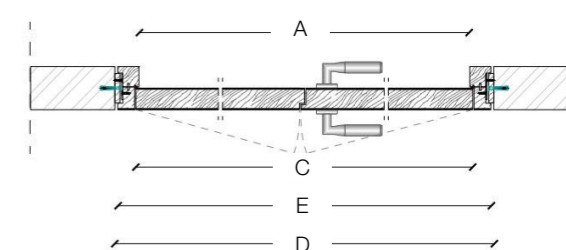

Vertical section

Standard asymmetrical double hinged door

Standard symmetrical double hinged door

Legend

- | | |
|----------------------------------|-------------------|
| A = Opening width | D - 114 mm |
| C = Door | D+ 100 mm |
