TERRE CABINET SYSTEM

LAURAMERONI
design . collection

Day Cabinet System in textured wood with geometric pattern and modules separated by rounded section wooden profiles, available in modules of different sizes, in all the wood finishes of the collection, matt brushed lacquered in all RAL colours or in leather.

Terre day system perfectly integrates with the doors and panelling of the same collection, creating a play of trapezes, lozenges and rectangles, suitable for containing integrated hidden storage solutions such as wardrobes, drawers, shelves and bar cabinets.

Terre day system is characterized by an essential and at the same time creative and elegantly decorative design.

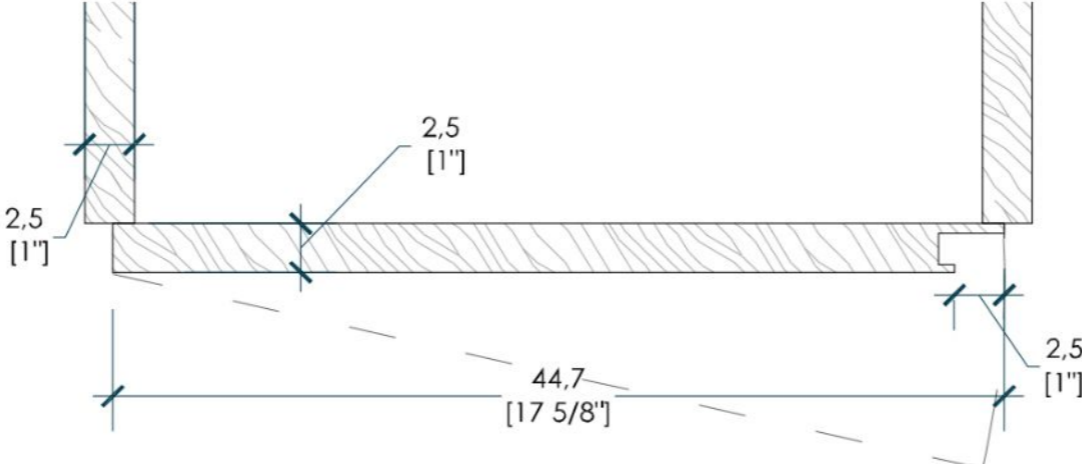

It offers the possibility of integrating a custom wardrobe system.

Terre system lends itself to multiple styles and projects and skilfully combines with the wall panels and doors of the same collection, to give our customers harmonic, beautiful and well-made solution.

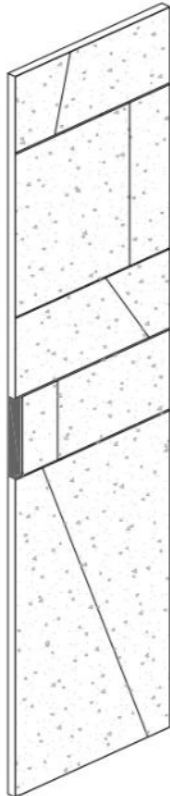

HANDLES FOR TERRE DOORS

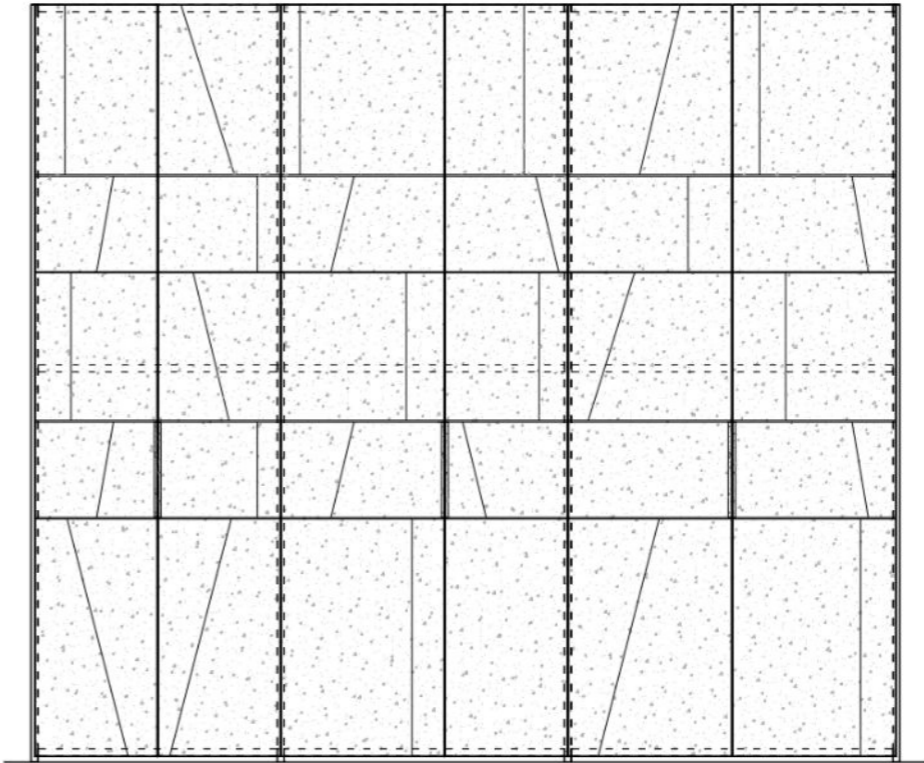

Detail of the handle section:

The handle is hollowed out in the door and has the same dimensions as the element

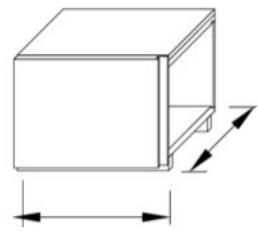

Handle position in the composition:
